GENERALLY FAIR TONIGHT AND WEDNESDAY.

The Fort Wayne Sentinel

ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY; AUGUST 20, 1901. PRICE TWO CENTS

THIRTY-FIVE LIVES LOST ON OHIO

Steamer Golconda Capsized by a Gale Below Paducah and Those Aboard Had No Chance to Escape from Trap.

Paducah, Ky., Aug. 20.—At least thirty-five lives are known to have been lost when the river steamer City of Golconda turned turtle in a wind storm last night while the boat was being worked into the landing at Crowels, thirty miles from Paducah. There were sixty persons aboard. Of these thirty-five are reported missing, not including several deck hands, whose names are unobtainable.

THE MISSING.

The missing are:

Miss Lizzie Graham, Grahamsville, Ky.

Miss Trixie Graham, Grahamsville.

Mrs. Chas. Davis, Smithfield.

Mrs. W. A. Hogan and three children, Paducah.

Colonel Turner, Smithfield.

Charlean Gordon, Smithfield.

Mrs. David Adams, Smithfield.

Watt Davis and wife, Livingston.

William Webb, Smithfield.

Miss Lucy Barrett, Smithfield.

Clarence Slayden, Lola.

D. Jackson, Golconda.

August F. Kriepke, Golconda.

John Walters, Golconda.

Clarence Coker, Golconda.

Fireman and three colored deck hands.

Engineer Hayden and son.

Joseph McCallister, St. Louis.

Two white men, names unknown; peddlers.

Mrs. Hutchinson, Evansville.

Three children, names unknown.

W. Woods.

George Stanberry.

Howard Rondo.

Several colored deck hands.

BUT ONE WOMAN ESCAPED.

Of all the women aboard the steamer only one, the wife of Engineer Hayden, was saved. The passengers were at dinner in the cabin when the storm struck. There was absolutely no chance for those in the cabin to escape. The continuous rocking of a steamer capsized by the wind was not felt. The boat simply turned over and sunk in ten feet of water. Captain Bauer and Pilot Peck jumped overboard and reached the shore, where they secured assistance and rowed around the wrecked steamer, picking up the few who had been able to throw themselves overboard.

Of those who were inside the cabin when the steamer turned over only two—H. E. Whorten and N. S. Quarternous, of Hampton, Ky.—escaped. They got out by breaking a hole through the glass top-work and were picked up by the boats.

Captain Bauer expressed the opinion that the people in the cabin were drowned instantly. He heard no screams and declared that the accident happened so quickly it was a mystery to him how a single person escaped.

As the boat passenger list was lost, as well as all the ship's papers, an absolutely accurate list of the persons drowned has not yet been obtained. The Golconda, which was valued at $2,500, plied between this city and Elizabethtown, Ill., and was due here at 7 o'clock last evening. As she was the only boat coming down yesterday the passenger list was unusually heavy.

Three divers and a salvage corps are at work on the wrecked steamer. They reported this afternoon that the loss of life exceeded twenty, but that no revised list can be had until the boat shall have been raised and the books, as well as the bodies, recovered. The divers report that the cabin, which was closed when the storm came up, is full of bodies. Only three were recovered up to noon—those of Miss Trixie Grimes, Miss Lucy Barnett and Mrs. David Adams. The boat is seventy-five yards from the Kentucky shore, in eighteen feet of water, head down stream and difficult of access in every way. Recovery of the bodies will be slow work.

MAKERS OF BAD BILLS ARE NABBED

San Francisco, Aug. 20.—Secret service agents have arrested three men here on the charge of passing notes printed from the stolen plates of the United States bank of New Brunswick, N. J. The suspects are Frank J. Perry, William Hogan and E. W. Smith.

The latter has been for eight years chief clerk of the life saving service in this city. Perry, who has been under arrest a week, gave the information on which Hogan and Smith were taken. It was discovered only recently that the bank's plates were still in existence and that possibly a million dollars will cover the amount of bogus notes put in circulation since the institution went out of business. No trace of the plates has yet been secured.

HEAD MAN ARRESTED.

Washington, Aug. 20.—The arrest of Frank J. Perry, William Hogan and E. W. Smith, at San Francisco, on the charge of passing notes printed from the original plates of the State bank of New Brunswick, N. J., which went out of business several years prior to the civil war, disclosed the fact that their source of supply was Jacob Weigel, at New Brunswick, N. J. The officials at New York were notified and today Weigel was arrested and $17,300 of the notes were secured, together with several copper plates of different denominations.

THE STRIKERS TURN THE TABLES

More Mills in the East are Closed and Great Rejoicing Exists Among the Men Who are at War With the Combine.

Pittsburg, Pa., Aug. 20.—The tie-up of the Continental and Pennsylvania tube plants of the National Tube company in this city was completed during the night and early hours of the morning. The machinists and a few other employes of the Pennsylvania works, to the number of about sixty, have not gone out, but otherwise the two properties are silent and deserted.

The Pennsylvania men went first, quitting at 6 o'clock last night in response to the call of the organizers of the American Federation of Labor, who had been working among them for several weeks. Then in large numbers they surrounded the Continental works at Frankstown and called on the workers there to quit and join the strike.

At midnight a large number of the Continental men dropped their tools and by this morning the last man had left the place.

The shutting down of the two plants adds about 1,800 men to the force of the strikers. The success of the labor organizers in getting the men out cheered the other strikers to a high pitch of enthusiasm.

The officials of the National Tube company would not discuss the strike beyond saying that they have been keenly disappointed throughout the strike by the attitude of their men and that they hope that in time they will come to their senses and come back.

Another steel official, when told of the strike, said:

"Let the good work go on. Brother Shaffer is very rapidly getting a top-heavy strike. The larger his army the quicker it will break up. Just wait until he begins to hustle money for strike benefits. I hope Chicago does go out. The more the merrier."

The steel managers announced that another mill was on today at the Clark mills and that the property was now running in full. The other properties, they said, were running today as they were yesterday.

They denied the story that there had been a break at Duquesne during the night. The strikers claim that they have again crippled the Lindsay and McCutcheon mills by taking some of the non-union men and also capturing several skilled men on the way into the plant, but the managers say they are working one mill as usual and that they will have a couple more mills on before the end of the week.

The explosion of some railroad torpedoes at Monessen early this morning created some excitement and large crowds gathered on the streets and near the steel mills. There were large crowds around the newly crippled tube works in this city today, but no disorder.

Wellsville reports indicate a critical situation, but the cry of the wolf has been raised so often as to disorder during this strike that it is not believed now.

The organized strikers at McKeesport plan a general strike headquarters, one feature of which will be a press bureau. The leaders say the latter will give out strictly truthful strike reports and stop the exaggerated tales which, they say, are injuring the town and Mayor Black.

The local strike leaders express themselves as being fully satisfied with the progress of the strike and confident of victory.

THREE CHILDREN BURNED.

Currie, Minn., Aug. 20.—Fire yesterday destroyed the home of P. Byrne while the owner and his wife were at work in the harvest fields. Three children were incinerated and the fourth probably will die.

NEW STORY OF SCHLEY LOOP

HELMSMAN OF THE BROOKLYN WAS TO BLAME.

Seaman Adams, of Schley's Cruiser, Contributes to History of the Santiago Battle.

Bellows Falls, Vt., Aug. 20.—A remarkable statement is made by Walter B. Adams, of Gloucester, Mass., who was a seaman on the cruiser Brooklyn in the engagement with Cervera's fleet off Santiago. He says he was stationed at the helm when Admiral Schley executed his celebrated loop and that the public conception of that manoeuvre is entirely wrong, that the manoeuvre was wholly unexpected by the cruiser's officers and was due to a wrongly executed order from the bridge.

Adams says that while he was at the wheel, with the Viscaya in full view, pointing a course with the evident intention of ramming the Brooklyn amidships, the order came through the quartermaster from Commander Hodgkins, the navigating officer of the Brooklyn, to put the wheel "hard down," which would have thrown the Brooklyn directly toward the Viscaya. Adams says that he understood the command perfectly, but involuntarily reversed the order and threw the wheel "hard up," causing the Brooklyn to swerve to starboard and swinging her away from the Spanish ship. Instantly noticing his mistake, Adams eased the wheel down, and the loop was made in getting the ship back on her intended course.

Adams says he believes his involuntary action saved the Brooklyn from being rammed. Adams is now under orders to join the Kearsarge's crew.

SOUTH SIDE HAS A BAD SCARE

STRAY DOG IS BELIEVED TO HAVE BEEN MAD.

Canine Created No End of Excitement and Efforts to Kill It Fail —Two Persons Bitten.

The south side of the city in the vicinity of Broadway and Savilla avenue experienced the exhilerating throes of a mad dog scare yesterday and many persons in that section are still in a mild sort of trepidation over the exciting affair.

An unpromising hound whose owner is unknown turned up Monday morning manifesting symptoms that excited the suspicions of those who saw the animal, and in the course of a wild race about the vicinity the canine bit at least three other dogs. Residents of the neighborhood became alarmed and several started out with shotguns, determined to end its life, but the dog escaped and when last seen was going south on Broadway. All the dogs which were bitten have been carefully penned up to guard against danger in case symptoms of hydrophobia should appear.

Later in the day it is stated that two persons were bitten, though it is not known to a certainty that the animal which attacked them was the one which had raised the excitement in the city some hours earlier. A Mrs. Gebhardt was slightly bitten upon the arm, and a little son of George Engel received slight scratches upon his hand from a dog's teeth. Neither case is believed to be serious.

DR. J. S. IRWIN DIES

WAS FORMER HEAD OF FORT WAYNE SCHOOLS.

PASSED AWAY AT LAFAYETTE

HEALTH HAD BEEN FAILING A LONG TIME.

WAS LONG RESIDENT HERE

USEFUL AND EMINENT CAREER IS CLOSED.

[Special to The Sentinel.]

Lafayette, Ind., Aug. 20.—Dr. John Scull Irwin, for many years a prominent resident of Fort Wayne and superintendent of city schools there, died at 9:50 o'clock Monday evening at his home, corner of Twelfth and Main streets, in this city.

Dr. Irwin had been in declining health for months, and had been confined to his home nearly all of that time His death was anticipated by the members of the family and close friends, but the announcement caused the profoundest grief. Dr. Irwin died while reclining in an easy chair, and his death was caused by the infirmities of age. The members of the family were at his side when he passed away, and the end was peaceful. Dr. Irwin was 76 years of age.

The funeral arrangements have not been definitely arranged, but the body will be taken to Fort Wayne for burial.

WAS WELL KNOWN HERE.

The news of Dr. Irwin's death will be received with profound sorrow in Fort Wayne, for during his long years of residence in this city he was prominent as an educator and as a physician, and his friends were legion.

Dr. Irwin was of Scotch descent, his ancestors having emigrated to America early in the revolutionary period, and his grandfather was assistant commissary general at Fort Pitt from 1781 to 1791. Dr. Irwin was born at Pittsburg, April 4, 1825, and was educated in that city, graduating at the Western University of Pennsylvania in August, 1842, with the degree of A. B.

He entered upon the study of medicine, practical chemistry and pharmacy under Dr. Joseph P. Gazzam, of that city, and was graduated M. D. at the University of Pennsylvania, April 3, 1847. He entered immediately upon the practice of his profession, being junior member of the medical board of Mercy hospital at Pittsburg.

In September of the same year he was united in marriage to Miss Mahan, of Carlisle, Pa. Dr. Irwin continued the practice of his profession until 1853, when his health became so impaired that it was necessary for him to abandon active professional duties.

CAME TO FORT WAYNE.

A few months of rest partially restored him, and he removed to Fort Wayne, taking a position as bookkeeper in the private banking house of Allen Hamilton in December, 1853. Here Mr. Irwin remained eleven years, then taking a position as teller in the Fort Wayne branch of the Bank of the State of Indiana. At the end of two years Dr. Irwin was elected cashier of the Merchants' National bank in this city, which position he retained until 1873. His health again failed, and being threatened with a serious disease of the brain he was compelled to resign his position, and next spent a year traveling as general manager for Indiana of the United States Life Insurance company.

WITH CITY SCHOOLS.

Dr. Irwin was long prominently identified with the public schools of the city of Fort Wayne. In 1865 he was elected a member of the board of school trustees and was upon organization of the board elected secretary and treasurer. The latter position he retained until 1875, when the superintendent of schools, Dr. James H. Smart, was elected state superintendent of the schools. Dr. Irwin was at once elected to fill the vacancy and served as superintendent of the Fort Wayne schools until in June, 1896, when he was succeeded by Prof. J. N. Study, the present incumbent.

In 1869 Dr. Irwin was elected a trustee of Indiana university, which office he held until he became superintendent, when, becoming ex-officio a member of the state board of education, he resigned the trusteeship and received from the university the honorary degree of LL. D.

OF FINE ATTAINMENTS.

Dr. Irwin was a man of exceptional education and rare literary attainments. He was one of the most prominent physicians and educated men in Allen county, and was held in such high regard that he found it almost impossible to retire from the practice of medicine after he had reached the age and determination to do so. It was his desire to retire from active business life that induced him to leave Fort Wayne in the fall of 1896 and become a resident of Lafayette, where he and Mrs. Irwin had established a home for their daughter, Miss Mary Irwin, who went to that city to accept the position of private secretary to President Smart, of Purdue university, who was Dr. Irwin's predecessor as superintendent of the Fort Wayne schools.

Dr. Irwin was a member of the Episcopal church, and a gentleman who challenged the esteem and confidence of all who knew him, possessing qualifications that entitled him to a high place among the people of the community in which he lived. He was a man of stainless reputation, and his integrity was never questioned.

The surviving members of the family are the widow and three children—George Irwin and Mrs. Patterson, of New York, and Miss May Irwin, of Lafayette.

FUNERAL ON THURSDAY.

Members of the family communicated by telegraph with friends in Fort Wayne this afternoon, and it is now presumed that the remains of Dr. Irwin will reach the city Thursday at 11:30 o'clock, and that the funeral services will be held from Trinity Episcopal church at 1:30 o'clock. The interment will be at Lindenwood.

GREAT PLANS FOR IRISH DAY

CELEBRATION AT NEW HAVEN NEXT TUESDAY.

Committees Have Provided an Excellent Program and Crowd Will Be Large.

The annual celebration of Irish day, under the auspices of the Hibernian societies of Fort Wayne, to be held at New Haven next Tuesday, August 27, promises to be a big affair, and nothing in the way of ample preparation is being neglected. The program will include a picnic and field games, and a special train service will be inaugurated over the Wabash railroad. Trains will leave Fort Wayne at 10 a. m., 1:30 and 7:30 p. m., and return at 2, 8 and 11 p. m.

There will be a game of base ball between the Shamrocks and New Haven, football between the Shamrocks and No. 1, A. O. H., hurling between Nos. 1 and 3, A. O. H., as well as a full field of other sports. The committees in charge of the day are made up as follows:

Arrangements—Patrick Ryan, John Connelly, C. T. Sullivan.

Refreshments—T. J. Connelly, Joseph Dolan, Frank O'Brien, John J. Reed, Thomas Cavanaugh.

Gaelic Foot Ball—Bart Dowling, Owen Cummings.

Hurling—Ed Cleary, Michael Kelleher.

Sprinting—E. J. Lennon, B. H. Schuelker.

PAINTING SHAMROCK.

New York, Aug. 20.—As soon as the sun dissipated the fog today a gang of painters began work on the topsides of the Shamrock II. A dark shade of green paint was used and by noon they had finished the stern and part of the port side. They expect to finish the painting by dark. The crew of the Shamrock have been busy all morning overhauling their sails and getting them ready to bend when the weather is favorable.

BEGIN ON TUNNELS.

This morning workmen of the Home Telephone company began construction of tunnels for the underground wires of the telephone company from the new building out to the center of Clinton street, and as soon as it is completed a similar line will be laid to Court street. The tunnels will have a capacity of fifty-five ducts. Work upon the new building is progressing rapidly.

Miss Bertha Tower, of 463 Webster street, who has been quite sick for two weeks, is recovering and will soon be as well as ever.

WAS HURLED BY GAS EXPLOSION

Mrs. E. M. Loewenthal Flung Through a Closed Door and Badly Hurt---Aged Mr. Strayer Injured---House Badly Damaged.

A terrific gas explosion partially wrecked the interior of the residence at 242 East Wayne street, occupied by E. M. Lowenthal, a traveling salesman, this morning, and caused considerable consternation and excitement in that neighborhood for a time. As a result of the explosion Mrs. Lowenthal is confined to her bed, suffering from severe burns about the face, neck and hands; her father, Eli Strayer, aged 70 years, is also severeley burned about the head, and Mr. Lowenthal is nursing a badly burned left hand, which he received while endeavoring to remove his wife's blazing clothing.

The explosion occurred about 5:30 o'clock, as Mrs. Lowenthal was setting about the preparation of breakfast. On going into the kitchen, she noticed a smell of escaping gas, but did not think anything of it, as the trouble had been noticeable for several days. Mrs. Lowenthal struck a match with the intention of lighting the illuminating gas in the kitchen, when instantly the room was a sheet of flame and the explosion shook the house from foundation to roof.

HURLED THROUGH A DOOR.

Mrs. Lowenthal was standing in the center of the room and the frightful force of the explosion hurled her a distance of about twelve feet and through a closed door into the sitting room beyond. The door which opened into the kitchen is of heavy construction, but the force with which the unfortunate woman was hurled against it was so great that it was torn from its fastenings, carrying a portion of the door frame with it.

Fortunately, Mrs. Lowenthal was standing with her back toward the door when the explosion occurred, or the consequences might have been very serious. As it is, she is painfully bruised about the back, her head and arms are badly burned and her hair, eyebrows and eyelashes are singed. Mrs. Lowenthal had the presence of mind to place her hands before her face, thereby preventing injury to her eyes. Her clothing became ignited, but her husband succeeded in smothering the flames with the aid of a mat.

BLOWN ACROSS THE YARD.

Eli Strayer, aged 70 years, father of Mrs. Lowenthal, was sitting on the steps of the rear porch when the explosion occurred and he was blown across the yard, a distance of about ten feet, striking the fence on the opposite side. The old gentleman was seated near the kitchen door, and besides the bruises caused by striking the fence, he was badly burned about the head and arms.

The noise of the explosion quickly brought neighbors to the spot, and soon a crowd of over a hundred had collected. It was at first reported that some one had been killed, and the greatest excitement reigned for a time.

Dr. Morse Harrod was summoned to care for the unfortunate victims, but an examination showed that beyond a few bruises and painful burns there were no serious injuries. Mrs. Lowenthal and Mr. Strayer suffered severeley from nervous shock and a trained nurse was secured to care for them.

Nearly every window on the ground floor was broken, the glass in some cases being blown a distance of twenty feet. The interior of the kitchen presented a devastated appearance.

GAS PIPES LEAKED.

Mr. Lowenthal stated to the reporter that an escape of gas had been noticeable for some time, and that the matter had been reported to the gas company last week. An inspector was sent up yesterday to locate the leak, but nothing was done toward stopping it.

The house is owned by Mrs. Thomas Clark, who formerly occupied it, and she states that her loss will be nearly $500.

LABOR BLUE BOOK HITS AT SENATE

[Special to The Sentinel.]

Indianapolis, Aug. 20.—A blue book for union labor, on labor legislation before the late Indiana assembly, was issued today by the joint committees of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and State Federation of Labor.

This report attacks the legislature, quoting two senators who declared it, the committee says, the "most corrupt in years." The committee says it found a large lobby with all kinds of money. It quotes an attorney as saying that the lobby spent $2,000 in backing the new bankrupt sales bill.

The report says the senate was hostile to labor, the house generally friendly. It holds these senators responsible for defeating labor laws: Brooks, Wood, Walcott, Binkley, Crumpacker, Dausman, Goodwine, Guthrie, Johnson of Jay, Ogborn, Joss, Keeney, Keys, Parks, Whitcomb, Conlogue and Fleming. The committee praises Ball, Burns Fortune, Gwinn, Harrison, Winfield, Wampler, Inman, Heller and Stillwell.

MAD WAR WAGED ON THE BLACKS

After Lynching Two Negroes, White People at Pierce City, Mo., Burn Homes of the Colored and Drive Them from Town.

Springfield, Mo., Aug. 20.—Pierce City, where William Godley and French Godley, the former's grandfather (colored), were lynched last night in connection with the murder of Miss Caselle Wild, is today in the hands of hundreds of armed men who are intent on driving all negroes from town.

All negro houses in the city are being fired by the enraged whites. One negro, Peter Hampton, is said to have been cremated in his home. The mob broke into the arsenal of the local military company and is now in possession of improved rifles.

So much excitement prevails that it is almost impossible to secure over the wires a connected story of the outbreak. Corespondents have started for the scene of the trouble.

Most of the negroes have left Pierce City and abandoned their homes, which have been burned. A report was sent out that two negroes in addition to Godley and Carter were lynched early today. This is denied. George Lark, a porter on the St. Louis and San Francisco railroad, whom Carter charged with being Miss Wild's murderer, was arrested in Springfield this morning and is in jail here. Lark declares his innocence and says the man who committed the crime boarded with him and fled. Bloodhounds put on the trail at the scene of the murder went directly, it is said, to Lark's house.

Eugene Barrett, a negro suspect, has stated that a man named Flavors, who formerly boarded with Lark, was the real culprit. Flavors is said to be under arrest at Tulsa, I. T., over the territory line from here, and Barrett is under arrest at Mt. Vernon, twenty-five miles from Pierce City.

Flavors undoubtedly will be lynched if brought back. It is not believed Barrett will be molested. The excitement which led up to the lynching of the Godleys continued all night and this morning found the enraged white people determined to rid the city and vicinity of negroes. After stringing young Godley up to a pole and riddling his body with bullets, the mob went to the house of French Godley, the young man's grandfather, and shot him to death. They then bombarded Ike Carter's house, in which were Peter and Robert Hampton, all negroes.

Peter Hampton, who was seventy-five years old, was burned to death when the house was set afire. His wife and Robert Hampton escaped through the flames. The mob then marched from place to place burning houses and firing into them. The negroes fled in all directions, many taking refuge in the woods, while others are coming as far as Springfield to find places of safety. The authorities telephoned Monett and Aurora, nearby towns, for help, but at 10 o'clock this morning the city was still in the hands of the mob, which finally broke into the arsenal of the Pierce City militia company and abstracted all the state rifles stored there.

WOULD GIVE IT UP

FOURTH STREET CROSSING MAY BE ABANDONED.

THREE COUNCILMEN WOULD INSIST BLOOMINGDALE MUST PAY THE JUDGMENT.

OPPOSE CITY FOOTING BILL

FRUITS OF A LONG FIGHT MAY BE LOST.

If the views of certain members of the council finance committee prevail the Fourth street crossing of the Lake Shore railroad will be abandoned and the fighting, diplomacy and litigation of a quarter of a century allowed to come to naught. Messrs. Glenn, Zurbuch and Kohrman, of the finance committee, insist that the people of Bloomingdale be assessed for the judgment of something over $2,000 awarded by the Adams county court as damages to the railroad company or the crossing be vacated.

A LONG SESSION.

The finance committee met at the city hall last night pursuant to call and had a long, interesting and altogether inharmonious session. The meeting was called ostensibly for the purpose of formulating a report on the request of an appropriation of $11,700 for street improvements. This appropriation would have included money to pay for work already done as well as for the paving of East Wayne street, Buchanan street and Taber street. The committee was badly split on several propositions and concluded to split the appropriation. According it was decided to report in favor of an appropriation of $500 for bridges and $5,680.04 to pay for the intersections on Hanna, Barr and Masterson streets, and let East Wayne and Buchanan streets go over until next year. Councilman Zurbach incidentally remarked that he thought the board of works was getting altogether too gay and went right along passing resolutions for improving streets without consulting the council and without even knowing where the money was to come from. He advocated showing the board that are "not the whole works."

FOURTH STREET MATTER.

However, the most important matter of general interest before the committee was the matter of recommending an appropriation of $2,100 to pay the Lake Shore the amount awarded it by the Adams county court, as damages for the opening of Fourth street. Seven hundred and one dollars has already been appropriated, but with the judgment awarded and the costs about $2,100 more will be required to meet the obligation if the city proposes to retain the crossing. The majority of the committee took the ground that inasmuch as the general fund had already been taxed $701 for the improvement the people of Bloomingdale should be assessed for the balance and not the city at large. City Attorney Shambaugh set out that the opening of Fourth street had been accomplished after twenty-five years of diplomacy, strategy, force and litigation; that it was a crossing almost indespensible to the welfare of the northern section of the city; that it is the city's duty to maintain the crossing now that it has it and that the sum assessed as damages by the Adams county court, while being all the street is worth to the railroad company, is a mere bagatelle to what the benefit is to the city, and he intimated that unless the appropriation is made that the city will have to relinquish its right to the crossing at once, and that at some future day, perhaps in a year or two, the whole fight would have to be gone over again, and that the next time no such favorable a judgment could be expected. Messrs. Glenn, Zurbach and Kohrman, of the committee, however, remained obdurate and refused to recede an inch from their position, taking the ground that the Bloomingdale people were the ones benefitted; that the were always the first to kick when they were assessed for anything, no matter what, when they did not get all the benefit; that they are not even assessed for the intercepting sewer, although they will get the benefit of it in a few years, and that while they were vigorous in securing the opening of Fourth street, once it was accomplished they were willing to lay down and let somebody else foot the bill. It was finally agreed to postpone a report on the matter until next Monday night, when the Bloomingdale people will be given an opportunity to be heard before the committee. If the report is adverse after next Monday's meeting it is likely that Messrs. Bauer and Borkenstine, who favor the appropriation, will make a minority report, which may win in the council.

MAY REAFFIRM OLD PLATFORM.

Des Moines, Iowa, Aug. 20.—Practically all the democratic leaders of the state had arrived here to attend the state convention, which opens tomorrow. The convention will place in nomination candidates for governor, lieutenant governor, railroad commissioner and supreme judge. Reaffirmation of the principles adopted by the Kansas City platform concerning the monetary question undoubtedly will be passed. Cato Sells, of Vinton, who headed a conservative delegation to the Kansas City convention but afterwards took up the cause of silver, is the most talked of man to head the ticket. Sells says he is not a candidate, but leading democrats claim this does not put him out of reach as an available candidate and express the belief that if the nomination is practically unanimous he cannot refuse.

THE NEWS OF THE POLICE

At police court this morning Eugene Lansing and George Mahoney were the only two to attend Judge Louttit's levee, all of which did not disconcert the judge. Like Richelieu in those few critical days when his clients dropped from hundreds to pairs, the judge dispensed justice with the same suavity and tempered it with mercy, again like Richelieu, most unexpectedly to the recipients.

Mr. Lansing is a colored gentleman who was indulging in an expensive, though unelaborate drunk, when the officer touched him and escorted him to the police station. The judge figured that he had had about $10 worth of good time and sent him over for eleven days.

George Mahoney was also run in for being drunk, but besides a jag, Mr. Mahoney had on tap a tale of woe that was fetching, if not unique. He is the only support of a family of cripples, besides his personal family of a wife and some five or six children. In order to keep the aggregation from starving Mr. Mahoney spends most of his time in looking for work and when arrested was on his way from Chicago to Buffalo. His home is in Pittsburg, from where he started for Buffalo by way of Chicago. Not being quite certain whether he could get work in Buffalo, he thought he would stop off in Fort Wayne and get drunk. He expressed a sincere hope that the judge would not interfere with his program, else his family might suffer if his travels and drunks were rudely interrupted. The judge told him to go, and go quick, which Mr. Mahoney, with many thanks, did.

Officer Petgen reported that he had shot a dog belonging to a Mr. Lonergan at 502 Lafayette street. The dog was vicious and had bitten a little girl in the neighborhood.

William Lichtenwalter, employed at the Tryo laundry reported to the police that he had found a pocketbook which the owner can have by proving property.

Lieutenant Lapp today acted as marketmaster in the absence of Marketmaster Ropa, who is enjoying a vacation.

Ida Wilcox, a colored lady whose husband some time since served a short jail sentence for bigamy, complained to the police this morning that her husband had stolen her best dress and pawned it. "Yes-sir," she said to Detective Coling, "dat lowdown nigger done stole my best dress and pahwned it." She was advised to bring replevin proceedings.

ASK YOUR NEIGHBOR

HUNDREDS OF FORT WAYNE CITIZENS CAN TELL YOU ALL ABOUT IT.

Home endorsement, the public expression of Fort Wayne people should be evidence beyond dispute for every Fort Wayne reader. Surely the experience of friends and neighbors, cheerfully given by them will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases—Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address, Foster-Milburn Co., Buffalo, N. Y.

AS FROM THE TOMB

TWO MEN RESCUED FROM THE CLEVELAND TUNNEL.

WERE IMPRISONED FIVE DAYS

THEY HAD BEEN GIVEN UP FOR LOST DAYS AGO.

TELL A TALE OF TERROR

SUFFERED FROM HUNGER AND FOUL AIR.

Cleveland, Ohio, Aug. 20.—John Eugine and Adam Kest, the men who were rescued from the waterworks tunnel yesterday after having been imprisoned nearly six days without food, are reported to be in a precarious condition today at the hospital where they were taken. They are in a stupor or delirious mania at this time. The physicians, however, still believe the men will ultimately recover.

These men were rescued yesterday after having spent six days in the excavation 200 feet below the surface of Lake Erie in total darkness without food, breathing air so foul that it nearly suffocated them and in momentary expectation of death. Hope for saving their lives had been abondoned Sunday by the city officers after four days of untiring effort, and their miraculous escape is due to a chance visit to the crib by members of the life-saving crew, who heard their feeble tapping on the tubes leading down to their cell.

KNEW NOTHING OF DISASTER.

Shut off from the upper world, the men knew nothing of the catastrophe that killed eleven of their comrades and imprisoned them. They knew that something had severed their connection with the crib. They knew that beyond the air lock behind which they had taken refuge the air was too foul to breathe. But they supposed that the trouble was temporary. Each day they expected to have their comrades come down the tunnel bent on rescue.

When their signal for help tapped on the air pipe was at last answered from the crib, Kest and Eugine were preparing to eat raw mule meat. There deliverance came in the nick of time to make unnecessary this desperate resort to keep them alive.

At the hospital last night Eugine and Kest were permitted to talk for a short time, and they related some of their experiences. They said that they did not know that there had been a fire, and that they could not account for their plight except on the theory that some accident had happened which would soon be repaired.

TELL OF DELIVERANCE.

As the time passed by, however, and hours lengthened into days, the men were beginning to fear that they were doomed to death either by starvation, suffocation or drowning. Thy tapped on the pipes to attract attention, but with little hope of being heard.

"We gave up more than once," said Kest. "We lost track of the time. I didn't know whether it was six days or three. The gas must have made us sleepy. We slept a lot I know. We didn't know whether it was day or night down there.

"The darkness was awful. We tried to get out several times. Each time the gas drove us back. At last we decided that it was get out or die, and we made a try, tapping on the pipe as we went along."

According to the story of these men, the first intimation they had of the fatal accident Wednesday, in which the crib was burned, was the shutting off of the lights. The two men were working far in advance of the gang, and when the latter made their rush for safety Kest and Eugine were sitting down behind the air lock waiting for the lights to be turned on again. They did not hear the shouts and cries of their fellow prisoners.

DISCUSS DIVORCE LAWS.

Denver, Aug. 20.—At today's conference of the state commissioners for the promotion of uniform legislation discussion of divorce laws was continued. A delegation of Denver ministers presented their views and contended that decrees are too easily obtained under the present statutes. Many prominent barristers already have arrived to attend the twenty-fourth annual convention of the American Bar association which begins tomorrow.

E. R. Lander, who was sent over several days ago on a charge of vagrancy, was released yesterday morning, he having received money from his mother at Massillon, Ohio, to pay his fine. The money came last week, addressed in care of the sheriff, but it was withheld to await investigations instituted by Superintendent Gorsline. Lander is the fellow who tried to persuade a Columbia street saloonkeeper to give a farmer some knock-out drops so that he could be separated from his roll.

ABOUT THE COURT HOUSE

Bessie E. McDonnell has filed her final report as administratrix of the estate of Donald McDonnell.

In the suit of Hannah Saviot vs. James Linn to quiet title a decree was entered in the superior court this morning.

The divorce case of Susie vs. John Helling, instituted a few days ago, was dismissed by Judge Aiken this morning at the request of both parties, the defendant paying the costs.

Ed Nicodemus, clerk of the superior court, is taking his vacation. During his absence Deputy Hammond, of the circuit court, is fulfilling his duties.

THE SEWER ROLL RATIFIED

INTERCEPTOR ASSESSMENTS ACTED ON BY BOARD.

Allowance for Extras is Made to Contractor Peter, the Net of Which is Over $4,000.

The board of works late yesterday afternoon ratified the assessment rolls for the intercepting sewer and made allowance to Contractor Peter for extras. So that what promised to be an unimportant session of the board of works proved, after all, to be a most important one.

The bonds of C. Nern and H. Drake, sewer builders, were approved and several requests for the privilege of laying sidewalks under private contract were granted. A communication from the city clerk submitting the mayor's veto to an appropriation ordinance prepared by the board, together with the petition of the Maumee Valley Traction company asking for a change of route into the city, were received and filed. The board then confirmed the following resolutions: For paving Taber street, building sidewalks on the north side of Taylor street, from Nelson street to Garden street; sidewalks on both sides of Walton avenue, from Maumee avenue to Washington street, and on the east side of Walton avenue from Washington street to the bridge. Sidewalks on the south side of Hugh street from Ohio to McCulloch. A delegation of citizens to protest against the platting of Jefferson park addition according to the plat of J. M. Henry recently filed, being present was heard. The gentlemen protested against the plat because it did not provide for an alley between the addition and the school property adjoining. A formal remonstrance had already been filed and no action, beyond hearing the verbal objections of those present, was taken.

The regular routine having been disposed of it was suggested to visit the intercepting sewer at Coombs street where there was a matter requiring the attention of the board before the assessment roll could be approved and that after the visit some action on the assessment be taken. This was agreed to and the board took a recess and repaired to the point named, returning at once to the city hall, where the regular session was resumed. On reconvening, the assessment roll as previously prepared was approved and the figures were given out. It provides for a total assessment of $162,397.57, which includes everything, including Contractor Peter's claim for extras. Mr. Peter had filed a bill of $70,000 for extras with the board, and this claim was cut down to $4,113.37 net, which included a deduction of $5,500 for omission of cement plastering on the inside of the sewer, which was not due to the "failure" of the contractor to put it in, as a morning paper has been insisting for weeks, but because the board of works peremptorily ordered the contractor not to put it in, because they had reliable advice that cementing the sewer would be a detriment to it instead of a benefit, besides being a useless expense. When the order was given it was agreed between the board and the contractor that 35 cents a foot should be deducted from the contract price of the sewer, or rather from the bill of extras, which the board felt the city to be liable for. The original contract price of the sewer was $158,284.20, or $9.93 per lineal foot, to which was added the net allowance for extras, $4,113.37 (after deducting $5,500 for the cement plastering), making a total of $162,397.57, which is the assessment to be collected as it now stands. Before the assessment roll is confirmed the persons interested will be heard and further changes may be made.

GRAND ARMY MEN ANGRY.

Indianapolis, Ind., Aug. 20.—Members of the Grand Army expect an outburst against Pension Commissioner Evans at the national encampment in Cleveland and will take an active part in it. Evans has been the object of attacks of many department encampments and only through diplomacy have they been kept out of national encampments. This diplomacy is what angers members of the Grand Army. The purpose was to save injury to McKinley. The Grand Army was given to understand there would be a change at the close of the first McKinley administration. Prominent members called on McKinley about the change. They say he promised to retire Evans. General Daniel Sickles, now a candidate for commander in chief, declared a few weeks ago that McKinley promised him to make a change. So sure was the Grand Army a change would be made that several candidates for Evans' place appeared, among them Colonel Ivan N. Walker, of Indianapolis, past commander in chief. The Indiana department encampments in Columbus and Terre Haute took action against Evans. Certified copies of the resolutions were forwarded to the president, but no acknowledgment came.

Matthews played an honest and deserving game yesterday but could not win against Fricken, who pitched himself out of several tight holes with amazing precision and confidence. Shepherd, for the visitors, pitched a splendid game, although a look at the hit column would lead the casual reader to think he was easy picking. He was hit oftener than Fricken, but aside from the first inning and ninth innings the locals could not get the hits close enough together to do any good at the home plate. He showed good speed and excellent control, while in a general way he had gilt-edged support. Heyworth pulling down a three-base hit off Frank Miller's bat and scoring a double play on it; Flynn at short seemed afraid of breaking his back, and with Hall in right field contributed the only errors in the game. Fort Wayne won the game in the first inning, when three runs were scored by good hitting aided by an error at short. "Doggie" Miller led at bat with three hits, Thornton and Bevans coming in close seconds with two each, and Babb led in the base running. Following is the score:

OTHER ASSOCIATION GAMES

TOLEDO, 6; DAYTON, 3.

Toledo, Ohio, Aug. 20.—Toledo outplayed Dayton yesterday and won a very pretty game. Score:

Toledo..... 0 0 2 0 3 0 1 0 0—6
Dayton..... 1 2 0 0 0 0 0 0 0—3

Hits—Toledo, 8; Dayton, 9. Errors—Toledo, 2; Dayton, 1. Batteries—Joss and Graffius; Jones and Blue.

WHEELING, 1; GRAND RAPIDS, 0.

Wheeling, W. Va., Aug. 20.—Both Alberts and Killen pitched good ball yesterday. Wheeling scored in the second inning on Herbert's two-bagger, Kane's out and Hinton's outfield fly. Thoney made a wonderful stop in the eighth inning that saved the game for the Wheelings. In the ninth Wilmot walked and Hannivan's error gave Jacobs a life, but Smith fouled out to Fox and the game was over. The fielding feature was a marvelously fast double play by Herbert and Kane, of the Wheelings. Score:

NOTES OF THE GAME.

"Doggie" Miller carried off the batting honors yesterday with three clean hits.

Crockett was tried at first by Matthews yesterday. He had eight putouts, but did not make a hit.

Manager Wilmot says he won't hire any more pitchers unless he can get a veteran. He has two amateurs, Luther and Albert, neither of whom have made good.

The closing game of the season with Matthews will be played tomorrow afternoon. Wheeling comes Friday for three games, and the fans will probably see old Jack Glasscock.

Managers Armour, of Dayton, and Strobel, of Toledo, have posted $2,000 on the standing of the two teams at the close of the season. If Toledo wins more games and loses less than Dayton, Strobel gets the $2,000, and vice versa.

Toledo has enjoyed a good deal of luck lately, and has had the advantage of playing on her own grounds for some time, consequently the Mud Hens have taken a boost up the percentage column. Its dollars to doughnuts the story will be different when the team goes on the road.

St. Louis Globe-Democrat: "Kruger is rapidly developing into a prime favorite with the patrons of League park, and, where he was called a "lobike" and a "dub" a month ago, he is now getting all kinds of flowery compliments every afternoon. 'Oom Paul' is certainly playing good ball, and is beginning to show himself a pretty good guardian of the third bag. He always could hit, and for the last month has been going at a .375 clip. Kruger's catch of Raymer's high foul fly in his ungloved hand in the ninth round was one of the most sensational of the season."

$100 Reward $100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

THE MARKETS.

Chicago, Aug. 20.—Wheat ruled weak early today on weak cables from Paris and in sympathy with corn. September opened a shade to ¼@⅝c higher at 70⅞c to 71⅛c in sympathy with the steadiness at Liverpool and reiteration of Russian damage reports, but there was little support forthcoming and the market quickly broke to 70½c. Local receipts were 410 cars, 20 of contract grade. Minneapolis and Duluth reported 399 cars, making a total for the three points of 809 cars, against 667 last week and 924 a year ago.

Under liquidation September broke to 69⅞c and closed weak, 1⅛@1¼c under yesterday, at 70c.

Liquidation for the local account weakened corn. September opened unchanged to ⅛c higher at 58⅛c to 58¼c and declined to 57¼c during the first hour. Trade was narrow. Receipts were 343 cars.

The close was weak, September ⅞c lower at 57¼c.

September oats opened ⅛c lower at 35¾c and in sympathy with corn declined to 35¼c. Receipts were 536 cars.

Provisions were dull and easier with corn. January pork opened 5c lower to unchanged at $15.67½ to $15.72½ and sold to $15.60; January lard opened unchanged at $8.92½ and declined to $8.90, and January ribs 5c down at $8.05, declining to $8.00 after touching $8.07½.

THE DAY ON WALL STREET.

New York, Aug. 20.—An upward movement of prices for Americans was inaugurated in London this morning with a response here at the opening. Gains here were not up to the London parity, Illinois Central alone rising over a point. Norfolk and Western was taken to the extent of 1,800 shares in the opening dealings, but advanced only ¼.

Traders realized and the market reacted a trifle, but soon advanced again with a good demand for special stocks. St. Paul, Union Pacific, Norfolk and Western, Delaware and Hudson, New York Central, Great Northern preferred, Manhattan and Amalgamated Copper were the leaders and rose from 1 to 2 points. United States Steel common was dealt in ex-dividend and gained ⅝. The preferred was up ¾ and Tennessee Coal and Pressed Steel Car preferred were 1⅛@1¾ higher respectively.

Prices were slightly lower again before the expiration of the hour.

Stocks were marked up again to the highest prices of the morning with Pennsylvania and the Pacifics in more general demand. The local traction stocks gained steadily, Metropolitan Street Railway rising 2¼, Rock Island improved 2 and Sugar 1¾ on a few transactions. The United States Steel stocks were very sluggish, but ruled at about the highest.

There was a relaxation of demand and prices were shaded except for Chicago and Alton, Reading and Reading seconds preferred, which rose 1 to 1⅜.

But little change occurred in prices, which continued to sag. United States Steel issues were more freely offered and reacted ½ each from the highest.

Bonds were dull and steady.

NEW YORK MARKETS.

"The kisses of a thousand roses
Stolen from them while they sleep."

BEAUTIFUL ROSES

and beautiful women are gathered together yearly, and nature collects their delicate fragrance and reduces it to that essence of perfect perfume, "atter of roses" and "perfect children." An essential oil for the reduction of women's fragrance is

MOTHER'S FRIEND.

It is a liniment for external use on the breast and over the region of the generative organs. With its careful use throughout the period of reduction, woman's figure will remain perfect. The seemingly crushed and dainty bud of maternity will mature into the blooming rose again. The extracted essence will be a perfect child blessed with the vigor, health, color and perfume of the mother rose. Its little rose face beside her, almost an exact reduction and counterpart of her own, will tell of the blooming curves that are still her own.

NEED MORE ROOM

B. OF R. F. COMPELLED TO SEEK NEW QUARTERS.

GROWTH OF ORDER RAPID

AND OLD ROOMS ENTIRELY INADEQUATE TO DEMAND.

BIG ENGINEERING PROJECT

HARRIMAN PROPOSES TO TUNNEL THE SIERRA NEVADAS.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, has outgrown its present hall facilities and a move is necessary. Consequently the lodge will hold its meetings hereafter in the large Maccabee hall, Nos. 107 and 109 Calhoun street, Monday evenings. The first meeting there will be next Monday, when the firemen and the Ladies' society will hold an early joint meeting and later have a social for the benefit of the locomotive firemen of the city, their wives, mothers and sisters, whether they are members of the brotherhood or Ladies' society or not. The object is to advance the interests of those societies by bringing the eligible people and those already members together in a friendly, sociable way. The firemen's brotherhood has had a wonderful growth within the past year and a still greater growth seems in store for it. There are on hand now about a dozen applications for membership, and every meeting night brings more of them.

USE OF DRAWING ROOM.

On account of the great demand for drawing rooms in Pullman cars on the Florida special of the Atlantic coast line, the railway company has a rule requiring the presentation of two tickets to secure the exclusive use of a compartment. A passenger, having been informed of the rule, bought a drawing room from New York to Charleston, paying $16, but at Baltimore was required to exchange the compartment for a Pullman berth, having declined to purchase a second railway ticket. He now, being a lawyer, sues the Pullman company for damages, placing his claim at the low sum of $1,950 in order to obtain the benefit of the rule which prevents carrying to the federal courts cases involving less than $2,000. The decision of this suit will establish a precedent involving a troublesome operative problem, says the Railway Age. A drawing room affords accommodations for three or more persons, represented by a corresponding number of tickets. Would it be right for the Pullman company to sell the entire compartment to the holder of a single ticket, to the exclusion of a large number of ticket-holders desirous of the accommodations? The Pullman company gets no more for the room, whether occupied by one or half a dozen people. Is it or is it not morally bound to discourage a monopoly of the coveted quarters by a single individual and to require that at least two tickets shall share the room? The same question applies to the matter of selling the two berths of a section to one person when this might make the number of berths unequal to the demand. Formerly the purchase of an entire section was carefully restricted, but this is not now considered necessary on many roads. The single drawing room presents different conditions, and on a special class of trains where it is likely to be much in demand, a rule tending to discourage the monopolizing of the room by one person to the exclusion of several others would seem to be justified by good management, and likely to be sustained by a court of equity.

DUELL RESIGNS.

After a service in the Pittsburg shops of nine years, Blacksmith William Duell resigned yesterday, giving no other reason than that he had been offered a better position. Mr. Duell is a good workman and an industrious and honest man, and a blacksmith of this character has no trouble in getting work whenever and wherever he wishes it.

BASS GOT THE CANTRACT.

J. E. Noble, traveling engine salesman for the Bass Foundry and Machine company, was surprised yesterday by the receipt of a telegram stating that his bid to furnish an engine for the mills at Cadillac, Mich., of the Cummer-Diggins company, was acceptable and that work upon the engine could commence at once. There were other bidders for the work, some of them much lower than the Bass bid, and Mr. Noble was not expecting the contract. The engine will be of the Bass improved Corliss pattern with cylinder 26x48. The Bass company recently built a similar engine for the Cummer-Diggins company for their mills in Florida.

WILL HELP AN UNFORTUNATE.

The Nickel Plate trainmen are this week engaged in a very commendable work—raising a purse to defray the expense of sending an unfortunate comrade to the Mt. Clemens sanitarium for treatment. Charles F. Burgess, a passenger conductor on the western division of the road, has been sorely afflicted with rheumatism and for the past ten months has been unable to work at all. About a year ago he took a course of treatment at the sanitarium and received considerable benefit from it. But a sojourn there is expensive and it is to bear that part of Mr. Burgess' burdens that the present movement was inaugurated. He resides in Bellevue, but is nearly as well known in this city as in that one.

THE LATTY EXCURSION.

A large portion of the population of Latty, Ohio, is picnicking at Rome City today. They came down from Latty by special train, which consisted of a baggage car and nine coaches, and were turned over to the Grand Rapids and Indiana at this point. There were 370 people in the party and a more happy crowd never embarked upon a similar mission.

TO TUNNEL THE SIERRA.

It is stated that the longest railroad tunnel in the United States will be built through the Sierra Nevada mountains of California if the plans of E. H. Harriman are carried out. The tunnel project, which will involve an outlay of from $3,000,000 to $5,000,000 contemplates the boring of a hole 27,000 feet in length through the heart of the Sierras. Besides saving a climb of 1,500 feet, the tunnel will shorten the Southern Pacific line about seven miles. Preliminary surveys are now being made.

THE EEL RIVER SALE.

Kokomo, Ind., Aug. 20.—Judge Brownlee yesterday confirmed the sale of the Eel River railway to the original stockholders. The latter announced that the road would be operated by them and would not be sold to the Pennsylvania system, as reported. The judge allowed $50,000 attorneys' fees and $25,000 fees to Receiver Richard Ruddell, of this city.

RAILWAY BLACKSMITHS MEET.

Denver, Col., Aug. 20.—A convention of the National Railroad Blacksmiths' association, composed of master builders, met here today to discuss the best methods for constructing and repairing locomotives and cars. The convention will continue three days.

J. E. Smith, who had some toes mashed in the Wabash blacksmith shop a week ago, reported for duty this morning.

Switchman Fred Thiebold, who was hurt two weeks ago, was able to resume work in the Pittsburg yards this morning.

R. C. Chase, collector for the B. of L. F., and his family will go to Rome City Saturday to remain two weeks in a cottage.

Alonzo Timmis, of the Bass blacksmith shop, is off duty on account of an injured eye. A hot cinder got in the optic yesterday.

Gustave P. Grosh, machinist, has recovered from his recent illness and is again at work in the Wabash shops. E. J. Oppenheimer, machinist apprentice in the same shop, also reported for duty this morning. He had an accident two weeks ago, which disabled him for awhile.

Master Mechanic G. S. McKee and Chief Clerk H. G. Granger, of the Wabash, are transacting business in Ashley today.

Nickel Plate Brakeman C. Compton is off duty on account of sickness. Brakeman P. M. Henderson is looking after private business.

Clarence L. Haynes, clerk in the main office of the Pennsylvania, is taking his vacation, a portion of which he will spend at Buffalo.

The limited train of six cars on the Chicago and Alton was on Thursday hauled sixty-eight miles in sixty-five minutes, making one stop.

Jacob Waldschmidt resumed charge of one of the big boring machines in the Pittsburg planing mills this morning. He was sick several days.

Mrs. Pearson, wife of Pittsburg Engineer J. C. Pearson, and their son, Charles, have gone to Landis, Ind., for a two weeks' visit with relatives.

After an illness of two weeks Blacksmith William Brossard resumed his place at a forge in the Pittsburg blacksmith shop this morning.

Car Inspector Ed Alway resumed work at the Nickel Plate yards yesterday. He had been off duty several days on account of an attack of lumbago.

The Chicago Great Western has already this season laid 10,000 tons of new heavy steel rail, and will, before the season closes, lay 10,000 tons more.

Engineer C. Sweeney is looking after private business and Fireman J. L. McKinzie and H. Hamilton are sick. They are Pennsylvania employes.

Blacksmith Barney Hibbler, of the Wabash shops, is sick today. Fred Kaiser and Peter Hamilton, of the boiler department, are also on the sick list.

I. Herbert Shorey, clerk at the Wabash shop offices, is taking his vacation. In company with his wife, Mr. Shorey left for Mackinac Island this morning.

It is stated that E. W. Warnick, formerly auditor of the Ohio river road, will be appointed general manager of the Ohio river division of the Baltimore and Ohio.

The Pittsburg wreck car was called to Donelson hill last night to put some cars, which had been derailed, back upon the track. The damage was not very great.

Nickel Plate Fireman W. H. Kline, who had been spending a two weeks' vacation in Ohio, resumed his duties on the road yesterday. Mrs. Kline was with her husband on the trip.

Nickel Plate engine 45, just out of was taken into A. G. Porter lodge, ing, has been assigned to the Fort Wayne-Knox local freight run, with Engineer Charles Bromelmeier and Fireman D. Vreeland in the cab.

Harvey E. Teeters, late of the Wabash shops, and G. F. Squires, formerly of the Bass blacksmith shop, have taken positions as assistant firemen at the Pennsylvania power station, at the Lafayette street shops.

General Manager Dickinson, of the Union Pacific, has issued an order notifying employes that either habitual drinking or the frequenting of saloons on their part would in future be considered sufficient cause for dismissal.

Supt. C. M. Bennett, of the Cincinnati and Muskingum Valley branch of the Pennsylvania, is out today upon his regular monthly track inspection trip over the Fort Wayne road, with the special car made for that purpose.

A reunion of the Ellenwood family occurred at the farm home of Mrs. Ellenwood, the mother of Conductor C. A. and Engineer R. Ellenwood, of the Pittsburg, and those gentlemen and their families were in attendance at the celebration last evening.

The Northern Pacific will expend $75,000 in enlarging its shops at Como and a like sum in installing new machinery. The new car shop will be 190x215 feet, the store house 25x100 feet, and the foundations are already in for several other buildings.

Thomas B. Burnett, whose sudden death at San Bernardino, Cal., was announced on Saturday, was from 1878 to 1881 agent of the Wabash lines at East St. Louis. Prior to that he was agent in St. Louis for the Missouri Pacific; from 1881 to 1890 he was general superintendent of the Peoria and Pekin Union railway.

Earnings of the railways of the United States for July make a wonderful showing, the roads reporting showing an increase over Judy, 1900, of $6,551,540. This exhibit is the more remarkable when it is remembered that these increases are over large gains for the past three years, and are compared with unprecedented large earnings in July ,1900.

The management of the Lackawanna has posted the following notice at passenger stations on the line: "When passenger trains are standing at stations, day or night, employes on or off duty and others must avoid all unnecessary loud conversation or calling to one another, and any noise that can be avoided, and they must enjoin the same upon other persons; this to apply at meeting and passing points. Profanity or other ungentlemanly language in or about the stations or passenger trains is inexcusable."

Heavy travel westward has made it necessary to put on a second section of Pennsylvania train No. 11 today. It will pass through the city at 4:40 this afternoon.

L. B. Eveland, of Chicago, passenger representative of the Rio Grande Western and the Denver and Rio Grande roads, was in the city this morning in that capacity.

C. A. Hartman, clerk at the Wabash storeroom, is taking a lay off today to assist in moving his household effects into new quarters. Hereafter he may be found on West Mair street, near Webster.

The Misses Nina and Stella Graham, daughters of Assistant Painter Foreman George Graham, of the Pittsburg, have gone into Ohio for a two weeks' visit with relatives. They will divide their time between Mansfield, Lucas and Shelby.

During the absence of W. H. Sherbondy, notice of which was made by The Sentinel a day or two ago, the responsibility of looking after affair at the Pittsburg shops' power and light station devolves upon Henry Daseler, the assistant foreman of the department.

The local lodge of the Brotherhood of Railway Trainmen has received notice from the higher officials that the claim of C. S. Bell, whose brother W. R. Bell, was killed in New Mexico two or three weeks ago, had been allowed and a draft for the amount would be forwarded in a short time.

George Dornte, air brake inspector at the east yards, is congratulating himself upon his speedy recovery from the injuries received in an accident "which might have been worse" two weeks ago. In celebration of the narrow escape he passed the cigars to his comrades yesterday.

W. H. Hull, a truckman in the Pittsburg freight house, is taking a lay off pending repairs to his hips. Last Wednesday he fell from the gangway and wrenched his hips, but considered the injury very light and continued at work until yesterday, when he had to quit and seek medical aid.

Argus D. Kemp, stenographer for Chief Clerk Frank Reed, and Charles A. Spanley, who occupies a similar position in Road Foreman C. R. Colmey's office, left last night for Buffalo to attend the Pan American exposition a week. G. H. Strang is serving as stenographer for Mr. Reed during the absence of Mr. Kemp.

The Nickel Plate road was obliged to make up a second section of eastbound train No. 4 last night, to handle the unusual Buffalo business that presented itself on short notice. The special had four cars, was hauled by engine 170, with B. Fullerton at the throttle, and was in charge of Conductor Holly. Joseph A. Deahl and J. J. Stevens were the brakemen.

THE HANNAS GO NORTH.

Cleveland, Ohio, Aug. 20.—Senator and Mrs. Hanna, accompanied by their two daughters, the Misses Mabel and Ruth, left Cleveland today on the steamer Northwest for Hay Lake, near Sault Ste Marie, Mich., where the family will spend a few days at the Hanna summer cottage. Mr. Hanna will take an active part in the formal opening of the republican state campaign, which will probably take place at Delaware on September 21. Among the speakers will be Senators Foraker and Hanna, Governor Nash and Hon. Carl L. Nippert, candidate for lieutenant governor.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, $1. Trial treatment free and prepaid by writing Dr. Gillam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. KITCHEN FURNISHINGS.

We have kept quality up in this line just the same as in everything else in our store.

There are no two ways about it; good, heavy, retinned stamped ware can't be sold as cheap as the light ware with one thin coating of tin.

You'll find that the economical people buy the best ware every time.

We buy carefully in this line—always sure that a new article is really good before we offer it to our trade.

We do the "finding out"—you get the benefit.

So many "new things" are worthless you can fill a kitchen full of them if you want to—and have the money.

In the small space we have there would be no use in trying to describe our stock of house furnishing goods.

To make it short, we have "every thing for the kitchen."

ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, AUGUST 20, 1901. PRICE TWO CENTS

THIRTY-FIVE LIVES LOST ON OHIO

Steamer Golconda Capsized by a Gale Below Paducah and Those Aboard Had No Chance to Escape from Trap.

Paducah, Ky., Aug. 20.—At least thirty-five lives are known to have been lost when the river steamer City of Golconda turned turtle in a wind storm last night while the boat was being worked into the landing at Crowels, thirty miles from Paducah. There were sixty persons aboard. Of these thirty-five are reported missing, not including several deck hands, whose names are unobtainable.

THE MISSING.

The missing are:

Miss Lizzie Graham, Grahamsville, Ky.

Miss Trixie Graham, Grahamsville.

Mrs. Chas. Davis, Smithfield.

Mrs. W. A. Hognn and three children, Paducah.

Colonel Turner, Smithfield.

Charlean Gordon, Smithfield.

Mrs. David Adams, Smithfield.

Watt Davis and wife, Livingston.

William Webb, Smithfield.

Miss Lucy Barrett, Smithfield.

Clarence Slayden, Lola.

D. Jackson, Golconda.

August F. Kriepke, Golconda.

John Walters, Golconda.

Clarence Coker, Golconda.

Fireman and three colored deck hands.

Engineer Hayden and son.

Joseph McCallister, St. Louis.

Two white men, names unknown; peddlers.

Mrs. Hutchinson, Evansville.

Three children, names unknown.

W. Woods.

George Stanberry.

Howard Rondo.

Several colored deck hands.

BUT ONE WOMAN ESCAPED.

Of all the women aboard the steamer only one, the wife of Engineer Hayden, was saved. The passengers were at dinner in the cabin when the storm struck. There was absolutely no chance for those in the cabin to escape. The continuous rocking of a steamer capsized by the wind was not felt. The boat simply turned over and sunk in ten feet of water. Captain Bauer and Pilot Peck jumped overboard and reached the shore, where they secured assistance and rowed around the wrecked steamer, picking up the few who had been able to throw themselves overboard.

Of those who were inside the cabin when the steamer turned over only two—H. E. Whorten and N. S. Quarternous, of Hampton, Ky.—escaped. They got out by breaking a hole through the glass top-work and were picked up by the boats.

Captain Bauer expressed the opinion that the people in the cabin were drowned instantly. He heard no screams and declared that the accident happened so quickly it was a mystery to him how a single person escaped.

As the boat passenger list was lost, as well as all the ship's papers, an absolutely accurate list of the persons drowned has not yet been obtained. The Golconda, which was valued at $2,500, plied between this city and Elizabethtown, Ill., and was due here at 7 o'clock last evening. As she was the only boat coming down yesterday the passenger list was unusually heavy.

Three divers and a salvage corps are at work on the wrecked steamer. They reported this afternoon that the loss of life exceeded twenty, but that no revised list can be had until the boat shall have been raised and the books, as well as the bodies, recovered. The divers report that the cabin, which was closed when the storm came up, is full of bodies. Only three were recovered up to noon—those of Miss Trixie Grimes, Miss Lucy Barnett and Mrs. David Adams. The boat is seventy-five yards from the Kentucky shore, in eighteen feet of water, head down stream and difficult of access in every way. Recovery of the bodies will be slow work.

MAKERS OF BAD BILLS ARE NABBED

San Francisco, Aug. 20.—Secret service agents have arrested three men here on the charge of passing notes printed from the stolen plates of the United States bank of New Brunswick, N. J. The suspects are Frank J. Perry, William Hogan and E. W. Smith.

The latter has been for eight years chief clerk of the life saving service in this city. Perry, who has been under arrest a week, gave the information on which Hogan and Smith were taken. It was discovered only recently that the bank's plates were still in existence and that possibly a million dollars will cover the amount of bogus notes put in circulation since the institution went out of business. No trace of the plates has yet been secured.

HEAD MAN ARRESTED.

Washington, Aug. 20.—The arrest of Frank J. Perry, William Hogan and E. W. Smith, at San Francisco, on the charge of passing notes printed from the original plates of the State bank of New Brunswick, N. J., which went out of business several years prior to the civil war, disclosed the fact that their source of supply was Jacob Weigel, at New Brunswick, N. J. The officials at New York were notified and today Weigel was arrested and $17,300 of the notes were secured, together with several copper plates of different denominations.

THE STRIKERS TURN THE TABLES

More Mills in the East are Closed and Great Rejoicing Exists Among the Men Who are at War With the Combine.

Pittsburg, Pa., Aug. 20.—The tie-up of the Continental and Pennsylvania tube plants of the National Tube company in this city was completed during the night and early hours of the morning. The machinists and a few other employes of the Pennsylvania works, to the number of about sixty, have not gone out, but otherwise the two properties are silent and deserted.

The Pennsylvania men went first, quitting at 6 o'clock last night in response to the call of the organizers of the American Federation of Labor, who had been working among them for several weeks. Then in large numbers they surrounded the Continental works at Frankstown and called on the workers there to quit and join the strike.

At midnight a large number of the Continental men dropped their tools and by this morning the last man had left the place.

The shutting down of the two plants adds about 1,500 men to the force of the strikers. The success of the labor organizers in getting the men out cheered the other strikers to a high pitch of enthusiasm.

The officials of the National Tube company would not discuss the strike beyond saying that they have been keenly disappointed throughout the strike by the attitude of their men and that they hope that in time they will come to their senses and come back.

Another steel official, when told of the strike, said:

"Let the good work go on. Brother Shaffer is very rapidly getting a top-heavy strike. The larger his army the quicker it will break up. Just wait until he begins to hustle money for strike benefits. I hope Chicago does go out. The more the merrier."

The steel managers announced that another mill was on today at the Clark mills and that the property was now running in full. The other properties, they said, were running today as they were yesterday.

They denied the story that there had been a break at Duquesne during the night. The strikers claim that they have again crippled the Lindsay and McCutcheon mills by taking some of the non-union men and also capturing several skilled men on the way into the plant, but the managers say they are working one mill as usual and that they will have a couple more mills on before the end of the week.

The explosion of some railroad torpedoes at Monessen early this morning created some excitement and large crowds gathered on the streets and near the steel mills. There were large crowds around the newly crippled tube works in this city today, but no disorder.

Wellsville reports indicate a critical situation, but the cry of the wolf has been raised so often as to disorder during this strike that it is not believed now.

The organized strikers at McKeesport plan a general strike headquarters, one feature of which will be a press bureau. The leaders say the latter will give out strictly truthful strike reports and stop the exaggerated tales which, they say, are injuring the town and Mayor Black.

The local strike leaders express themselves as being fully satisfied with the progress of the strike and confident of victory.

THREE CHILDREN BURNED.

Currie, Minn., Aug. 20.—Fire yesterday destroyed the home of P. Byrne while the owner and his wife were at work in the harvest fields. Three children were incinerated and the fourth probably will die.

NEW STORY OF SCHLEY LOOP

HELMSMAN OF THE BROOKLYN WAS TO BLAME.

Seaman Adams, of Schley's Cruiser, Contributes to History of the Santiago Battle.

Bellows Falls, Vt., Aug. 20.—A remarkable statement is made by Walter B. Adams, of Gloucester, Mass., who was a seaman on the cruiser Brooklyn in the engagement with Cervera's fleet off Santiago. He says he was stationed at the helm when Admiral Schley executed his celebrated loop and that the public conception of that manoeuvre is entirely wrong, that the manoeuvre was wholly unexpected by the cruiser's officers and was due to a wrongly executed order from the bridge.

Adams says that while he was at the wheel, with the Viscaya in full view, pointing a course with the evident intention of ramming the Brooklyn amidships, the order came through the quartermaster from Commander Hodgkins, the navigating officer of the Brooklyn, to put the wheel "hard down," which would have thrown the Brooklyn directly toward the Viscaya. Adams says that he understood the command perfectly, but involuntarily reversed the order and threw the wheel "hard up," causing the Brooklyn to swerve to starboard and swinging her away from the Spanish ship. Instantly noticing his mistake, Adams eased the wheel down, and the loop was made in getting the ship back on her intended course.

Adams says he believes his involuntary action saved the Brooklyn from being rammed. Adams is now under orders to join the Kearsarge's crew.

SOUTH SIDE HAS A BAD SCARE

STRAY DOG IS BELIEVED TO HAVE BEEN MAD.

Canine Created No End of Excitement and Efforts to Kill It Fail —Two Persons Bitten.

The south side of the city in the vicinity of Broadway and Savilla avenue experienced the exhilarating throes of a mad dog scare yesterday and many persons in that section are still in a mild sort of trepidation over the exciting affair.

An unpromising hound whose owner is unknown turned up Monday morning manifesting symptoms that excited the suspicions of those who saw the animal, and in the course of a wild race about the vicinity the canine bit at least three other dogs. Residents of the neighborhood became alarmed and several started out with shotguns, determined to end its life, but the dog escaped and when last seen was going south on Broadway. All the dogs which were bitten have been carefully penned up to guard against danger in case symptoms of hydrophobia should appear.

Later in the day it is stated that two persons were bitten, though it is not known to a certainty that the animal which attacked them was the one which had raised the excitement in the city some hours earlier. A Mrs. Gebhardt was slightly bitten upon the arm, and a little son of George Engel received slight scratches upon his hand from a dog's teeth. Neither case is believed to be serious.

DR. J. S. IRWIN DIES

WAS FORMER HEAD OF FORT WAYNE SCHOOLS.

PASSED AWAY AT LAFAYETTE

HEALTH HAD BEEN FAILING A LONG TIME.

WAS LONG RESIDENT HERE

USEFUL AND EMINENT CAREER IS CLOSED.

[Special to The Sentinel.]

Lafayette, Ind., Aug. 20.—Dr. John Scull Irwin, for many years a prominent resident of Fort Wayne and superintendent of city schools there, died at 9:50 o'clock Monday evening at his home, corner of Twelfth and Main streets, in this city.

Dr. Irwin had been in declining health for months, and had been confined to his home nearly all of that time His death was anticipated by the members of the family and close friends, but the announcement caused the profoundest grief. Dr. Irwin died while reclining in an easy chair, and his death was caused by the infirmities of age. The members of the family were at his side when he passed away, and the end was peaceful. Dr. Irwin was 76 years of age.

The funeral arrangements have not been definitely arranged, but the body will be taken to Fort Wayne for burial.

WAS WELL KNOWN HERE.

The news of Dr. Irwin's death will be received with profound sorrow in Fort Wayne, for during his long years of residence in this city he was prominent as an educator and as a physician, and his friends were legion.

Dr. Irwin was of Scotch descent, his ancestors having emigrated to America early in the revolutionary period, and his grandfather was assistant commissary general at Fort Pitt from 1781 to 1791. Dr. Irwin was born at Pittsburg, April 4, 1825, and was educated in that city, graduating at the Western University of Pennsylvania in August, 1842, with the degree of A. B.

He entered upon the study of medicine, practical chemistry and pharmacy under Dr. Joseph P. Gazzam, of that city, and was graduated M. D. at the University of Pennsylvania, April 3, 1847. He entered immediately upon the practice of his profession, being junior member of the medical board of Mercy hospital at Pittsburg.

In September of the same year he was united in marriage to Miss Mahan, of Carlisle, Pa. Dr. Irwin continued the practice of his profession until 1853, when his health became so impaired that it was necessary for him to abandon active professional duties.

CAME TO FORT WAYNE.

A few months of rest partially restored him, and he removed to Fort Wayne, taking a position as bookkeeper in the private banking house of Allen Hamilton in December, 1853. Here Mr. Irwin remained eleven years, then taking a position as teller in the Fort Wayne branch of the Bank of the State of Indiana. At the end of two years Dr. Irwin was elected cashier of the Merchants' National bank in this city, which position he retained until 1873. His health again failed, and being threatened with a serious disease of the brain he was compelled to resign his position, and next spent a year traveling as general manager for Indiana of the United States Life Insurance company.

WITH CITY SCHOOLS.

Dr. Irwin was long prominently identified with the public schools of the city of Fort Wayne. In 1865 he was elected a member of the board of school trustees and was upon organization of the board elected secretary and treasurer. The latter position he retained until 1875, when the superintendent of schools, Dr. James H. Smart, was elected state superintendent of the schools. Dr. Irwin was at once elected to fill the vacancy and served as superintendent of the Fort Wayne schools until in June, 1896, when he was succeeded by Prof. J. N. Study, the present incumbent.

In 1869 Dr. Irwin was elected a trustee of Indiana university, which office he held until he became superintendent, when, becoming ex-officio a member of the state board of education, he resigned the trusteeship and received from the university the honorary degree of LL. D.

OF FINE ATTAINMENTS.

Dr. Irwin was a man of exceptional education and rare literary attainments. He was one of the most prominent physicians and educated men in Allen county, and was held in such high regard that he found it almost impossible to retire from the practice of medicine after he had reached the age and determination to do so. It was his desire to retire from active business life that induced him to leave Fort Wayne in the fall of 1896 and become a resident of Lafayette, where he and Mrs. Irwin had established a home for their daughter, Miss Mary Irwin, who went to that city to accept the position of private secretary to President Smart, of Purdue university, who was Dr. Irwin's predecessor as superintendent of the Fort Wayne schools.

Dr. Irwin was a member of the Episcopal church, and a gentleman who challenged the esteem and confidence of all who knew him, possessing qualifications that entitled him to a high place among the people of the community in which he lived. He was a man of stainless reputation, and his integrity was never questioned.

The surviving members of the family are the widow and three children—George Irwin and Mrs. Patterson, of New York, and Miss May Irwin, of Lafayette.

FUNERAL ON THURSDAY.

Members of the family communicated by telegraph with friends in Fort Wayne this afternoon, and it is now presumed that the remains of Dr. Irwin will reach the city Thursday at 11:30 o'clock, and that the funeral services will be held from Trinity Episcopal church at 1:30 o'clock. The interment will be at Lindenwood.

GREAT PLANS FOR IRISH DAY

CELEBRATION AT NEW HAVEN NEXT TUESDAY.

Committees Have Provided an Excellent Program and Crowd Will Be Large.

The annual celebration of Irish day, under the auspices of the Hibernian societies of Fort Wayne, to be held at New Haven next Tuesday, August 27, promises to be a big affair, and nothing in the way of ample preparation is being neglected. The program will include a picnic and field games, and a special train service will be inaugurated over the Wabash railroad. Trains will leave Fort Wayne at 10 a. m., 1:30 and 7:30 p. m., and return at 2, 8 and 11 p. m.

There will be a game of base ball between the Shamrocks and New Haven, football between the Shamrocks and No. 1, A. O. H., hurling between Nos. 1 and 3, A. O. H., as well as a full field of other sports. The committees in charge of the day are made up as follows:

Arrangements—Patrick Ryan, John Connelly, C. T. Sullivan.

Refreshments—T. J. Connelly, Joseph Dolan, Frank O'Brien, John J. Reed, Thomas Cavanaugh.

Gaelic Foot Ball—Bart Dowling, Owen Cummings.

Hurling—Ed Cleary, Michael Kelleher.

Sprinting E. J. Lennon, B. H. Schnelker.

PAINTING SHAMROCK.

New York, Aug. 20.—As soon as the sun dissipated the fog today a gang of painters began work on the topsides of the Shamrock II. A dark shade of green paint was used and by noon they had finished the stern and part of the port side. They expect to finish the painting by dark. The crew of the Shamrock have been busy all morning overhauling their sails and getting them ready to bend when the weather is favorable.

BEGIN ON TUNNELS.

This morning workmen of the Home Telephone company began construction of tunnels for the underground wires of the telephone company from the new building out to the center of Clinton street, and as soon as it is completed a similar line will be laid to Court street. The tunnels will have a capacity of fifty-five ducts. Work upon the new building is progressing rapidly.

Miss Bertha Tower, of 463 Webster street, who has been quite sick for two weeks, is recovering and will soon be as well as ever.

WAS HURLED BY GAS EXPLOSION

Mrs. E. M. Loewenthal Flung Through a Closed Door and Badly Hurt---Aged Mr. Strayer Injured---House Badly Damaged.

A terrific gas explosion partially wrecked the interior of the residence at 242 East Wayne street, occupied by E. M. Lowenthal, a traveling salesman, this morning, and caused considerable consternation and excitement in that neighborhood for a time. As a result of the explosion Mrs. Lowenthal is confined to her bed, suffering from severe burns about the face, neck and hands; her father, Eli Strayer, aged 70 years, is also severeley burned about the head, and Mr. Lowenthal is nursing a badly burned left hand, which he received while endeavoring to remove his wife's blazing clothing.

The explosion occurred about 5:30 o'clock, as Mrs. Lowenthal was setting about the preparation of breakfast. On going into the kitchen, she noticed a smell of escaping gas, but did not think anything of it, as the trouble had been noticeable for several days. Mrs. Lowenthal struck a match with the intention of lighting the illuminating gas in the kitchen, when instantly the room was a sheet of flame and the explosion shook the house from foundation to roof.

HURLED THROUGH A DOOR.

Mrs. Lowenthal was standing in the center of the room and the frightful force of the explosion hurled her a distance of about twelve feet and through a closed door into the sitting room beyond. The door which opened into the kitchen is of heavy construction, but the force with which the unfortunate woman was hurled against it was so great that it was torn from its fastenings, carrying a portion of the door frame with it.

Fortunately, Mrs. Lowenthal was standing with her back toward the door when the explosion occurred, or the consequences might have been very serious. As it is, she is painfully bruised about the back, her head and arms are badly burned and her hair, eyebrows and eyelashes are singed. Mrs. Lowenthal had the presence of mind to place her hands before her face, thereby preventing injury to her eyes. Her clothing became ignited, but her husband succeeded in smothering the flames with the aid of a mat.

BLOWN ACROSS THE YARD.

Eli Strayer, aged 70 years, father of Mrs. Lowenthal, was sitting on the steps of the rear porch when the explosion occurred and he was blown across the yard, a distance of about ten feet, striking the fence on the opposite side. The old gentleman was seated near the kitchen door, and besides the bruises caused by striking the fence, he was badly burned about the head and arms.

The noise of the explosion quickly brought neighbors to the spot, and soon a crowd of over a hundred had collected. It was at first reported that some one had been killed, and the greatest excitement reigned for a time.

Dr. Morse Harrod was summoned to care for the unfortunate victims, but an examination showed that beyond a few bruises and painful burns there were no serious injuries. Mrs. Lowenthal and Mr. Strayer suffered severeley from nervous shock and a trained nurse was secured to care for them.

Nearly every window on the ground floor was broken, the glass in some cases being blown a distance of twenty feet. The interior of the kitchen presented a devastated appearance.

GAS PIPES LEAKED.

Mr. Lowenthal stated to the reporter that an escape of gas had been noticeable for some time, and that the matter had been reported to the gas company last week. An inspector was sent up yesterday to locate the leak, but nothing was done toward stopping it.

The house is owned by Mrs. Thomas Clark, who formerly occupied it, and she states that her loss will be nearly $500.

LABOR BLUE BOOK HITS AT SENATE

[Special to The Sentinel.]

Indianapolis, Aug. 20.—A blue book for union labor, on labor legislation before the late Indiana assembly, was issued today by the joint committees of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and State Federation of Labor.

This report attacks the legislature, quoting two senators who declared it, the committee says, the "most corrupt in years." The committee says it found a large lobby with all kinds of money. It quotes an attorney as saying that the lobby spent $2,000 in backing the new bankrupt grace bill.

The report says the senate was hostile to labor, the house generally friendly. It holds these senators responsible for defeating labor laws: Brooks, Wood, Walcott, Binkley, Crumpacker, Dausman, Goodwine, Guthrie, Johnson of Jay, Ogborn, Joss, Keeney, Keys, Parks, Whitcomb, Conlogue and Fleming. The committee praises Ball, Burns Fortune, Gwinn, Harrison, Winfield, Wampler, Inman, Heller and Stillwell.

MAD WAR WAGED ON THE BLACKS

After Lynching Two Negroes, White People at Pierce City, Mo., Burn Homes of the Colored and Drive Them from Town.

Springfield, Mo., Aug. 20.—Pierce City, where William Godley and French Godley, the former's grandfather (colored), were lynched last night in connection with the murder of Miss Caselle Wild, is today in the hands of hundreds of armed men who are intent on driving all negroes from town.

All negro houses in the city are being fired by the enraged whites. One negro, Peter Hampton, is said to have been cremated in his home. The mob broke into the arsenal of the local military company and is now in possession of improved rifles.

So much excitement prevails that it is almost impossible to secure over the wires a connected story of the outbreak. Corespondents have started for the scene of the trouble.

Most of the negroes have left Pierce City and abandoned their homes, which have been burned. A report was sent out that two negroes in addition to Godley and Carter were lynched early today. This is denied. George Lark, a porter on the St. Louis and San Francisco railroad, whom Carter charged with being Miss Wild's murderer, was arrested in Springfield this morning and is in jail here. Lark declares his innocence and says the man who committed the crime boarded with him and fled. Bloodhounds put on the trail at the scene of the murder went directly, it is said, to Lark's house.

Eugene Barrett, a negro suspect, has stated that a man named Flavors, who formerly boarded with Lark, was the real culprit. Flavors is said to be under arrest at Tulsa, I. T., over the territory line from here, and Barrett is under arrest at Mt. Vernon, twenty-five miles from Pierce City.

Flavors undoubtedly will be lynched if brought back. It is not believed Barrett will be molested. The excitement which led up to the lynching of the Godleys continued all night and this morning found the enraged white people determined to rid the city and vicinity of negroes. After stringing young Godley up to a pole and riddling his body with bullets, the mob went to the house of French Godley, the young man's grandfather, and shot him to death. They then bombarded Ike Carter's house, in which were Peter and Robert Hampton, all negroes.

Peter Hampton, who was seventy-five years old, was burned to death when the house was set afire. His wife and Robert Hampton escaped through the flames. The mob then marched from place to place burning houses and firing into them. The negroes fled in all directions, many taking refuge in the woods, while others are coming as far as Springfield to find places of safety. The authorities telephoned Monett and Aurora, nearby towns, for help, but at 10 o'clock this morning the city was still in the hands of the mob, which finally broke into the arsenal of the Pierce City militia company and abstracted all the state rifles stored there.

Dr. Pierce's Favorite Prescription Doubles a Mother's Joys and Halves Her Sorrows.

It does this by a pre-natal preparation in which the mother finds herself growing stronger instead of weaker with each month. Instead of nausea and nervousness, there are healthy appetite, quiet nerves, and refreshing sleep. The mind's content keeps pace with the body's comfort. There is no anxiety, no dread of the approaching time of travail. When the birth hour comes it is practically painless, the recovery is rapid, and the mother finds herself abundantly able to nurse her child.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor any other narcotic.

Sick women are invited to consult Dr. Pierce by letter *free* of charge, and so obtain without cost the advice of a specialist in the diseases peculiar to women. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. Annie Blacker, 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine healthy baby. I have recommended your medicines to several of my friends and they have been benefited by them."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

WOULD GIVE IT UP

FOURTH STREET CROSSING MAY BE ABANDONED.

THREE COUNCILMEN WOULD INSIST BLOOMINGDALE MUST PAY THE JUDGMENT.

OPPOSE CITY FOOTING BILL

FRUITS OF A LONG FIGHT MAY BE LOST.

If the views of certain members of the council finance committee prevail the Fourth street crossing of the Lake Shore railroad will be abandoned and the fighting, diplomacy and litigation of a quarter of a century allowed to come to naught. Messrs. Glenn, Zurbach and Kohrman, of the finance committee, insist that the people of Bloomingdale be assessed for the judgment of something over $2,000 awarded by the Adams county court as damages to the railroad company or the crossing be vacated.

A LONG SESSION.

The finance committee met at the city hall last night pursuant to call and had a long, interesting and altogether inharmonious session. The meeting was called ostensibly for the purpose of formulating a report on the request of an appropriation of $11,700 for street improvements. This appropriation would have included money to pay for work already done as well as for the paving of East Wayne street, Buchanan street and Taber street. The committee was badly split on several propositions and concluded to split the appropriation. According it was decided to report in favor of an appropriation of $500 for bridges and $5,680.04 to pay for the intersections on Hanna, Barr and Masterson streets, and let East Wayne and Buchanan streets go over until next year. Councilman Zurbach incidentally remarked that he thought the board of works was getting altogether too gay and went right along passing resolutions for improving streets without consulting the council and without even knowing where the money was to come from. He advocated showing the board that are "not the whole works."

FOURTH STREET MATTER.

However, the most important matter of general interest before the committee was the matter of recommending an appropriation of $2,100 to pay the Lake Shore the amount awarded it by the Adams county court, as damages for the opening of Fourth street. Seven hundred and one dollars has already been appropriated, but with the judgment awarded and the costs about $2,100 more will be required to meet the obligation if the city proposes to retain the crossing. The majority of the committee took the ground that inasmuch as the general fund had already been taxed $701 for the improvement the people of Bloomingdale should be assessed for the balance and not the city at large. City Attorney Shambaugh set out that the opening of Fourth street had been accomplished after twenty-five years of diplomacy, strategy, force and litigation; that it was a crossing almost indespensible to the welfare of the northern section of the city; that it is the city's duty to maintain the crossing now that it has it and that the sum assessed as damages by the Adams county court, while being all the street is worth to the railroad company, is a mere bagatelle to what the benefit is to the city, and he intimated that unless the appropriation is made that the city will have to relinquish its right to the crossing at once, and that at some future day, perhaps in a year or two, the whole fight would have to be gone over again, and that the next time no such favorable a judgment could be expected. Messrs. Glenn, Zurbach and Kohrman, of the committee, however, remained obdurate and refused to recede an inch from their position, taking the ground that the Bloomingdale people were the ones benefitted; that the were always the first to kick when they were assessed for anything, no matter what, when they did not get all the benefit; that they are not even assessed for the intercepting sewer, although they will get the benefit of it in a few years, and that while they were vigorous in securing the opening of Fourth street, once it was accomplished they were willing to lay down and let somebody else foot the bill. It was finally agreed to postpone a report on the matter until next Monday night, when the Bloomingdale people will be given an opportunity to be heard before the committee. If the report is adverse after next Monday's meeting it is likely that Messrs. Bauer and Borkenstine, who favor the appropriation, will make a minority report, which may win in the council.

MAY REAFFIRM OLD PLATFORM.

Des Moines, Iowa, Aug. 20.—Practically all the democratic leaders of the state had arrived here to attend the state convention, which opens tomorrow. The convention will place in nomination candidates for governor, lieutenant governor, railroad commissioner and supreme judge. Reaffirmation of the principles adopted by the Kansas City platform concerning the monetary question undoubtedly will be passed. Cato Sells, of Vinton, who headed a conservative delegation to the Kansas City convention but afterwards took up the cause of silver, is the most talked of man to head the ticket. Sells says he is not a candidate, but leading democrats claim this does not put him out of reach as an available candidate and express the belief that if the nomination is practically unanimous he cannot refuse.

THE NEWS OF THE POLICE

At police court this morning Eugene Lansing and George Mahoney were the only two to attend Judge Louttit's levee, all of which did not disconcert the judge. Like Richelieu in those few critical days when his clients dropped from hundreds to pairs, the judge dispensed justice with the same suavity and tempered it with mercy, again like Richelieu, most unexpectedly to the recipients.

Mr. Lansing is a colored gentleman who was indulging in an expensive, though unelaborate drunk, when the officer touched him and escorted him to the police station. The judge figured that he had had about $10 worth of good time and sent him over for eleven days.

George Mahoney was also run in for being drunk, but besides a jag, Mr. Mahoney had on tap a tale of woe that was fetching, if not unique. He is the only support of a family of cripples, besides his personal family of a wife and some five or six children. In order to keep the aggregation from starving Mr. Mahoney spends most of his time in looking for work and when arrested was on his way from Chicago to Buffalo. His home is in Pittsburg, from where he started for Buffalo by way of Chicago. Not being quite certain whether he could get work in Buffalo, he thought he would stop off in Fort Wayne and get drunk. He expressed a sincere hope that the judge would not interfere with his program, else his family might suffer if his travels and drunks were rudely interrupted. The judge told him to go, and go quick, which Mr. Mahoney, with many thanks, did.

Officer Petgen reported that he had shot a dog belonging to a Mr. Lonergan at 502 Lafayette street. The dog was vicious and had bitten a little girl in the neighborhood.

William Lichtenwalter, employed at the Tryo laundry reported to the police that he had found a pocketbook which the owner can have by proving property.

Lieutenant Lupp today acted as marketmaster in the absence of Marketmaster Rope, who is enjoying a vacation.

Ida Wilcox, a colored lady whose husband some time since served a short jail sentence for bigamy, complained to the police this morning that her husband had stolen her best dress and pawned it. "Yes-sir," she said to Detective Coling, "dat lowdown nigger done stole my best dress and pahwned it." She was advised to bring replevin proceedings.

ASK YOUR NEIGHBOR

HUNDREDS OF FORT WAYNE CITIZENS CAN TELL YOU ALL ABOUT IT.

Home endorsement, the public expression of Fort Wayne people should be evidence beyond dispute for every Fort Wayne reader. Surely the experience of friends and neighbors, cheerfully given by them will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mrs. J. W. Hartman, of 25 Jane street, says: "Before I obtained Doan's Kidney Pills from Meyer Bros. & Co.'s drug store and used them I was a great sufferer from kidney trouble. My back ached night and day and I could only get rest and sleep by assuming the same position in bed each night. As soon as I began taking Doan's Kidney Pills I improved and soon felt as though I had never known what kidney trouble was. My husband also took the remedy and received great benefit. He was troubled with backache and when he stood up after sitting a few minutes he could not straighten his back. The kidney secretions were also highly discolored, but this, as well as the other symptoms, gave way to Doan's Kidney Pills."

AS FROM THE TOMB

TWO MEN RESCUED FROM THE CLEVELAND TUNNEL.

WERE IMPRISONED FIVE DAYS

THEY HAD BEEN GIVEN UP FOR LOST DAYS AGO.

TELL A TALE OF TERROR

SUFFERED FROM HUNGER AND FOUL AIR.

Cleveland, Ohio, Aug. 20.—John Engine and Adam Kest, the men who were rescued from the waterworks tunnel yesterday after having been imprisoned nearly six days without food, are reported to be in a precarious condition today at the hospital where they were taken. They are in a stupor or delirious mania at this time. The physicians, however, still believe the men will ultimately recover.

These men were rescued yesterday after having spent six days in the excavation 200 feet below the surface of Lake Erie in total darkness without food, breathing air so foul that it nearly suffocated them and in momentary expectation of death. Hope for saving their lives had been abondoned Sunday by the city officers after four days of untiring effort, and their miraculous escape is due to a chance visit to the crib by members of the life-saving crew, who heard their feeble tapping on the tubes leading down to their cell.

KNEW NOTHING OF DISASTER

Shut off from the upper world, the men knew nothing of the catastrophe that killed eleven of their comrades and imprisoned them. They know that something had severed their connection with the crib. They knew that beyond the air lock behind which they had taken refuge the air was too foul to breathe. But they supposed that the trouble was temporary. Each day they expected to have their comrades come down the tunnel bent on rescue.

When their signal for help tapped on the air pipe was at last answered from the crib, Kest and Engine were preparing to eat raw mule meat. There deliverance came in the nick of time to make unnecessary this desperate resort to keep them alive.

At the hospital last night Engine and Kest were permitted to talk for a short time, and they related some of their experiences. They said that they did not know that there had been a fire, and that they could not account for their plight except on the theory that some accident had happened which would soon be repaired.

TELL OF DELIVERANCE.

As the time passed by, however, and hours lengthened into days, the men were beginning to fear that they were doomed to death either by starvation, suffocation or drowning. They tapped on the pipes to attract attention, but with little hope of being heard.

"We gave up more than once," said Kest. "We lost track of the time. I didn't know whether it was six days or three. The gas must have made us sleepy. We slept a lot I know. We didn't know whether it was day or night down there.

"The darkness was awful. We tried to get out several times. Each time the gas drove us back. At last we decided that it was get out or die, and we made a try, tapping on the pipe as we went along."

According to the story of these men, the first intimation they had of the fatal accident Wednesday, in which the crib was burned, was the shutting off of the lights. The two men were working far in advance of the gang, and when the latter made their rush for safety Kest and Engine were sitting down behind the air lock waiting for the lights to be turned on again. They did not hear the shouts and cries of their fellow prisoners.

DISCUSS DIVORCE LAWS.

Denver, Aug. 20.—At today's conference of the state commissioners for the promotion of uniform legislation discussion of divorce laws was continued. A delegation of Denver ministers presented their views and contended that decrees are too easily obtained under the present statutes. Many prominent barristers already have arrived to attend the twenty-fourth annual convention of the American Bar association which begins tomorrow.

E. R. Lander, who was sent over several days ago on a charge of vagrancy, was released yesterday morning, he having received money from his mother at Massillon, Ohio, to pay his fine. The money came last week, addressed in care of the sheriff, but it was withheld to await investigations instituted by Superintendent Gorsline. Lander is the fellow who tried to persuade a Columbia street saloonkeeper to give a farmer some knock-out drops so that he could be separated from his roll.

ABOUT THE COURT HOUSE

Bessie E. McDonnell has filed her final report as administratrix of the estate of Donald McDonnell.

In the suit of Hannah Saviet vs. James Linn to quiet title a decree was entered in the superior court this morning.

The divorce case of Susie vs. John Helling, instituted a few days ago, was dismissed by Judge Aiken this morning at the request of both parties, the defendant paying the costs.

Ed Nicodemus, clerk of the superior court, is taking his vacation. During his absence Deputy Hammond, of the circuit court, is fulfilling his duties.

THE SEWER ROLL RATIFIED

INTERCEPTOR ASSESSMENTS ACTED ON BY BOARD.

Allowance for Extras is Made to Contractor Peter, the Net of Which is Over $4,000.

The board of works late yesterday afternoon ratified the assessment rolls for the intercepting sewer and made allowance to Contractor Peter for extras. So that what promised to be an unimportant session of the board of works proved, after all, to be a most important one.

The bonds of C. Nern and H. Drake, sewer builders, were approved and several requests for the privilege of laying sidewalks under private contract were granted. A communication from the city clerk submitting the mayor's veto to an appropriation ordinance prepared by the board, together with the petition of the Maumee Valley Traction company asking for a change of route into the city, were received and filed. The board then confirmed the following resolutions: For paving Taber street, building sidewalks on the north side of Taylor street, from Nelson street to Garden street; sidewalks on both sides of Walton avenue, from Maumee avenue to Washington street, and on the east side of Walton avenue from Washington street to the bridge. Sidewalks on the south side of Hugh street from Ohio to McCulloch. A delegation of citizens to protest against the platting of Jefferson park addition according to the plat of J. M. Henry recently filed, being present was heard. The gentlemen protested against the plat because it did not provide for an alley between the addition and the school property adjoining. A formal remonstrance had already been filed and no action, beyond hearing the verbal objections of those present, was taken.

The regular routine having been disposed of it was suggested to visit the intercepting sewer at Coombs street where there was a matter requiring the attention of the board before the assessment roll could be approved and that after the visit some action on the assessment be taken. This was agreed to and the board took a recess and repaired to the point named, returning at once to the city hall, where the regular session was resumed. On reconvening, the assessment roll as previously prepared was approved and the figures were given out. It provides for a total assessment of $162,397.57, which includes everything, including Contractor Peter's claim for extras. Mr. Peter had filed a bill of $70,000 for extras with the board, and this claim was cut down to $4,113.37 net, which included a deduction of $5,500 for omission of cement plastering on the inside of the sewer, which was not due to the "failure" of the contractor to put it in, as a morning paper has been insisting for weeks, but because the board of works peremptorily ordered the contractor not to put it in, because they had reliable advice that cementing the sewer would be a detriment to it instead of a benefit, besides being a useless expense. When the order was given it was agreed between the board and the contractor that 35 cents a foot should be deducted from the contract price of the sewer, or rather from the bill of extras, which the board felt the city to be liable for. The original contract price of the sewer was $158,284.20, or $9.93 per lineal foot, to which was added the net allowance for extras, $4,113.37 (after deducting $5,500 for the cement plastering), making a total of $162,397.57, which is the assessment to be collected as it now stands. Before the assessment roll is confirmed the persons interested will be heard and further changes may be made.

Saying so doesn't make it so. It depends upon the man. A guarantee is merely one's say-so—and depends on the man, too. We guarantee any dental work—great or small—that we do for you. We've been here years enough, and done work enough on these terms to make it easy for you to find out about us, if you don't know.

Specimens on exhibition. Estimates free. Lady attendant. Appointments by telephone.

A GOOD judge must have both experience and learning. A housekeeper should be a good judge for she too must have experience and learning or she may think that the soaps made to look like Ivory Soap are just as good. With experience she will know that they lack the remarkable qualities of the genuine. Ivory Soap—99 44/100 per cent. pure.

GRAND ARMY MEN ANGRY.

Indianapolis, Ind., Aug. 20.—Members of the Grand Army expect an outburst against Pension Commissioner Evans at the national encampment in Cleveland and will take an active part in it. Evans has been the object of attacks of many department encampments and only through diplomacy have they been kept out of national encampments. This diplomacy is what angers members of the Grand Army. The purpose was to save injury to McKinley. The Grand Army was given to understand there would be a change at the close of the first McKinley administration. Prominent members called on McKinley about the change. They say he promised to retire Evans. General Daniel Sickles, now a candidate for commander in chief, declared a few weeks ago that McKinley promised him to make a change. So sure was the Grand Army a change would be made that several candidates for Evans' place appeared, among them Colonel Ivan N. Walker, of Indianapolis, past commander in chief. The Indiana department encampments in Columbus and Terre Haute took action against Evans. Certified copies of the resolutions were forwarded to the president, but no acknowledgment came.

A recent instance in this city proves that clairvoyants can sometimes find money.

The fellow who rammed a piece of railroad iron weighing a quarter of a ton into that northside well probably never thought of the possibility of being discovered while at his more or less herculean task.

Five attempts have been made to kidnap an Omaha woman. Perhaps, if her husband is going to permit that sort of thing to go on indefinitely, she would find less distress in the situation if she allows herself to be stolen.

The Chinese imperial court has again postponed its return to Pekin for the assigned reason that the roads are bad. The Chinese imperial court has been traveling a rather rocky road for a year or more and ought to be accustomed to jerky journeying by this time.

The Colombian minister at Washington has assured Secretary Hay that his government is quite able to take care of itself and the isthmian railway without help from Uncle Sam. That no doubt is true, but Colombia will be satisfied to do those things in the South American fashion, which is a manner of doing things never much the vogue up this way.

A Yale professor has demonstrated by experiment that the tail of an adder may be grafted upon the body of a rattlesnake. This is a more interesting than useful discovery. If the learned professor will undertake to discover why it is that usually a not over-scrupulous politician can be so successfully grafted to a public job he will be laboring to high purpose and beneficent ends.

Science is making some strides. For instance, if when you have been bitten by a mosquito supposed to be infected with yellow fever you get that kind of fever, you may be pretty sure you got it from the mosquito; also, if after having been treated with preventative serum you get the fever, it is safe to conjecture that the serum is not an ample offset against the mosquito. Science will finally, no doubt, come logically to a conclusion upon which to base direction that the best way to escape yellow fever is to avoid mosquitoes.

A NEW PEACEMAKER.

The new pride of the navy, the rapid fire seven-inch gun, is a wonderful piece of ordnance, and that, too, with moderate weight and moderate calibre.

The largest of the great rifles of the United States sea service is the thirteen-inch, which forms the main turret batteries of battleships. The smallest is the four-inch, the light and handy quick-fire weapon, which bristles from our gunboats. The seven-inch rifle comes in fairly half way between the two extremes. It weighs thirteen tons, is about fifty feet long, burns sixty-six pounds of smokeless powder, and hurls a 105-pound projectile with a muzzle velocity of 2,800 foot seconds and a muzzle energy of 2,800 foot tons. With that energy the projectile would penetrate eleven inches of nickel or ten inches of Krupp steel armor. At a distance of 3,000 yards the projectile would penetrate six or seven inches of armor.

The seven-inch gun is a new creation of Admiral O'Neil and the ordnance bureau. It is a heavier and more powerful weapon than the six-inch 100 pounder, which composes the main batteries of our latest armorclads. It is a light and handier weapon, and can be fired much oftener than the eight-inch 250-pounder which is carried in the turrets of many of our battleships and armored cruisers. The eight-inch gun is rather too ponderous for the successful use of rapid fire mechanism.

Admiral O'Neil believes that the United States navy will have in the seven-inch gun the most effective piece of all around sea artillery ever fabricated. All that is known of the new weapon seems to go to confirm his judgment.

SOME NONSENSICAL TALK.

We find it difficult to believe those councilmen are serious in their views who announce that before they consent that the city shall bear the financial burden of the judgment in the Fourth street case they will vote to abandon the street and allow to go for naught all the annoyance, turmoil and expense of twenty-five years' contention and litigation.

Without going at this time into any examination of the merits of the question whether the city or the property owners of Bloomingdale ought to bear the expense of getting Fourth street across the railway tracks, we want to call attention to the important fact that after a fight of many years the street is across the tracks. It is a useful thoroughfare and should be maintained. It belongs to the city and is a thoroughfare for the general public use. It may be that the people of the Ninth ward ought fairly to pay for the expense of getting it, but even though they should refuse to pay for it and can not be compelled to, it is nonsense to talk about abandoning the street. The achievement has cost too much.

HARTFORD CITY SENSATION

GIRLS FOLLOWED MOTHER'S RECENT EXAMPLE.

MARVE KUHNS' PAL IN LIMBO

GENERAL NEWS OF THE STATE OF INDIANA.

Hartford City, Ind., Aug. 20.—Emanuel Tipple told a sensational story to the police last night. He claimed to have been chloroformed by his daughters, Minnie and Cora, who then eloped with William Starline. Tipple has asked the authorities to apprehend his daughters. His wife recently eloped with Isaac Boyle and is now some place in Ohio.

WAS A PAL OF MARVIN KUHNS.

Hartford City, Ind., Aug. 20.—The arrest of Truman D. Hutchinson here is regarded as a very important catch. Hutchinson formerly lived at Salamonia, Jay county, and was a pal of Marvin Kuhns, Indiana's most noted horse thief. Hutchinson is a bad man, the police say, and is wanted in several Ohio cities for horse stealing. He was taken to Fort Recovery, Ohio, this afternoon by the city marshal of that town, W. S. McClelland. Hutchinson consented to return without requisition papers. The prisoner is said to have engaged in stealing horses in Indiana and Ohio and disposing of them in the different states.

WOMAN HANDLED A GUN.

Valparaiso, Ind., Aug. 20.—A gang of laborers setting telephone poles for the American Telephone company's transcontinental lines cut down several fine shade trees on a Lake county farm near the Porter county line. The woman of the house was the only person at home and she warned them to desist. They laughed at her and began work on another group of trees which stood in their way. She brought out a shotgun, cocked and leveled it, and ordered them to pick up their tools and leave, which they did with considerable alacrity.

BIG SUIT IN WHITLEY.

Columbia City, Ind., Aug. 20.—Michael H. Snyder, of Indianapolis, has filed suit in the Whitley circuit court asking judgment for $12,500 against James B. Schuman, a wealthy resident of this county.

The complaint is long, but the gist of it is that Snyder and Schuman had an agreement whereby Snyder was to furnish the means for carrying on the experiments and patenting the devices made by Schuman for wind stackers. Snyder says that for over three years he paid all expenses, amounting in over two thousand dollars; that a few months ago Schuman represented to him that he could sell the patents for about five thousand dollars, and that he would give Snyder $1,500 for his interest, which was equal to one-half after certain debts were paid. Snyder says he believed this and accordingly assigned his interest to Schuman, who never paid him anything, but had an arrangement at the time with the Indiana Manufacturing company whereby he was to receive $25,000 for the patents. He further says that after securing the assignment from him, Schuman at once closed up the deal and got the twenty-five thousand. He asked that the contract be set aside on account of the alleged fraud practiced on him and that he be given judgment against Schuman for $12,500.

Monday morning Judge Adair issued an order restraining Schuman from disposing of twenty thousand dollars worth of notes and the manufacturing company from paying the notes until September 2d. Snyder is represented by Judge Olds, of Fort Wayne, and A. A. Adams, of this city.

BURNED BY LIGHTNING.

Columbia City, Ind., Aug. 20.—Lightning struck the residence of Laurin Humbarger, six miles north of this city, Sunday evening, badly wrecking a large part of the house. Mrs. Humbarger and a daughter, who were standing upon a porch, were knocked down by the current and the former was painfully burned. The daughter also suffered considerably, but both will recover.

SHOT BY THE HUSBAND.

Marion, Ind., Aug. 20.—While Frank White and James Woods were operating in the west in the oil business, as alleged, Mrs. White abandoned her two young daughters and her husband and fled with Woods. Three months ago White tracked the erring couple to this city, bringing his daughters with him, and when Mrs. White saw her children she agreed to return home, her husband forgiving all and fitting up a residence here. Yesterday, while he was home, Woods called and upon refusing to leave when ordered by White, the latter shot him, the bullet making a flesh wound. Woods fled from the house, and after investigating the matter the police declined to place his assailant under arrest.

WOMEN CONDUCTORS FAIL.

Indianapolis, Ind., Aug. 20.—Why the Madison Light and Railway company got rid of women conductors was explained to the state tax board in an appeal from the assessment presented by C. J. Roberts, attorney and C. B. Johnson, superintendent. The women conductors showed marked preferences for particular male passengers, Roberts said, and talked to them almost exclusively. This aroused the jealousy of other men, who showed their feelings by refusing to ride on the cars. The result was, said Roberts, that it was common to see a car with but one passenger and that one talking to the conductor.

MARSHAL WINS IN A RACE.

Hartford City, Ind., Aug. 20.—After a chase lasting over six weeks City Marshal W. S. McClelland, of Fort Recovery, Ohio, today captured T. D. Hutchinson, an alleged horse thief, wanted at Piqua and a number of other Ohio towns. Hutchinson was found in this city with one of his stolen outfits. Hutchinson is a son of Dr. Henry Hutchinson, one of the most prominent residents of Salamonie, Ind. He returned to Ohio without requisition papers.

IN THE JUSTICES' COURTS.

Mary Kline had a hearing in France's court on a charge of assault and battery on Alva Dollarbite, a young lad who had been annoying her considerably. After hearing the evidence the defendant was acquitted, it being shown that the trouble arose through a quarrel between the parties, who were tenants in the same house, and that both were probably equally responsible.

Affidavits have been filed in Tancey's court against Daniel Wolf for shooting across an alley in the city limits and for killing some chickens, the property of Mrs. Caroline Lenz, who files both complaints.

William O. Barnhouse and Mary Sperb were married by Justice Tancey last evening. The 'squire tied the latest improved Pan-American knot and being right fresh from Buffalo was enabled to give the bride the regular Niagara kiss.

The social to be given on Cathedral square this evening will be given in Library hall instead on account of the weather.

COST FIVE LIVES

TERRIBLE EXPLOSION AT AN OIL FIRE.

REFINERY TANKS IN A BLAZE

FIREMEN DELUGED WITH THE BLAZING FLUID.

DYNAMITE DEALS DISASTER

SIX MEN LOSE LIFE IN FIRE AT LITTLE FALLS, N. Y.

Philadelphia, Aug. 20.—Five persons are known to have been killed by the explosion of the big benzine tank at the Atlantic Refining company's oil works at Point Breeze at midnight. The dead are:

John McCullom, engine company No. 49.

James Ealls, engine company No. 49.

John Dougherty, truck company No. 9.

A fireman and an employe of the refining company, too badly burned to be recognized.

When the explosion occurred the firemen of engine company No. 49 and employes of the Atlantic Refining company, in all about fifty men, were at work in the pumping house drawing off oil from the burning tanks. The flames shot high in the air and the pumping house was almost completely demolished. The firemen who had been playing streams on the other tanks then directed their attention to the rescue of the men who had been imprisoned in the pumping house. It was nearly an hour before the men could be reached.

Meanwhile a score of streams of water were pouring upon the ruins of the pumping house. The promptness with which the firemen turned their attention to the rescue of the men undoubtedly saved a score of lives.

As quickly as the men were rescued from the ruins they were sent to the hospitals in the lower section of the city. Five bodies were recovered and sent to the morgue, but only three of them could be identified.

Two bodies were roasted to a crisp and so blackened that it was almost impossible to tell whether they were those of white or colored men.

None of the seventeen injured men taken to the hospitals are seriously injured. They were suffering chiefly from burns and bruises, and after having their wounds dressed were nearly all able to leave the hospitals.

The pumping house where the explosion occurred was midway between the two rows of burning tanks and the firemen were endeavoring to confine the flames to one row by drawing off the oil at the time of the explosion. There are 100 tanks in the big oil plant.

Various theories are advanced as to the cause of the explosion in the pump house, where the firemen lost their lives. According to a fireman of engine company No. 46, which was pumping out the oil from a burning tank, the fluid was allowed to get too low and drew the fire with it.

The explosion occurred as the men were pumping and wonder is expressed by the men that every one in the building did not lose their lives.

Another theory is that the oil in tank No. 80 overflowed and the burning oil spread to the pump house where the firemen were at work, causing the oil there to explode.

There was a rumor early this morning that a large gang of employes of the company were buried when the explosion occurred.

Since early morning the flames have spread to five additional tanks, making eighteen that have been destroyed. The fire is by no means under control and although most of the tanks not yet on fire are more or less isolated from those that are burning, there is constant fear of the flames reaching some of those that are yet safe.

The almost exhausted firemen are paying no attention to the burning tanks, devoting their energies to an effort to save the tanks and other property not on fire.

The heat is so fierce that they have have been driven away from the hose.

A device is used that will hold the nozzle stationary and in a position to throw water on the sides of the tanks, and the fire fighters have retreated to a safe distance to observe their machines at work.

As usual the officials of the company refuse to give any estimate of the loss. Those in position to know estimate it at from $500,000 to $1,000,000.

Seventeen years ago they caught fire, which defied the efforts of the firemen for six days. The fire fighting force of the city was unable to cope with this outbreak and aid was summoned from nearby places.

On this occasion the heavy smoke hung over the city, completely obscuring the light of the sun.

DEAD ARE IDENTIFIED.

Little Falls, N. Y., Aug. 20.—The bodies of all the victims of the Hoskmer round house explosion last night have been identified. The names are John Deck, Levi Gilbert, Lewis Jackson, Harry Stansel, James Nagle, Joseph Keller. Stansel was a student at the Syracuse university, taking a course of architecture. Jackson, Keller and Nagle were laborers. They lived near the scene of the fatality.

It is believed that the list of dead as given above, and numbering six, is complete, although it is possible that some of the railroad bridge gang may have been killed.

The vicinity of the wrecked round house was a scene of wreck and ruin today. Twenty-five houses are practically in ruins, several of them having been turned around completely on their foundations.

It was generally reported that the building contained 600 pounds of dynamite, a thousand pounds of giant powder and a quantity of gasolene, all of which was exploded by a fire which broke out in the round house.

The property damaged by the explosion is estimated at $30,000.

CONCENTRATED FOODS.

What We Eat of Great Importance

Medicine has been defined as a concentrated food; but it has been the practice of the past to so concentrate the strength and power of medicines to make them act quickly, that they have become harsh and injurious, often leaving a permanent and lasting injury to the patient. Croton Oil is a harsh and powerful cathartic; but the juice of the apple will produce the same results if taken in large quantities. It has been the aim of the Battle Creek Health Tablet Co., Ltd., to avoid both extremes in the manufacture of Peptorene, the Health Tablet. A concentrated food or a mild and healthful medicine. Composed of the purest remedies in the realm of Nature. Especially adapted to the cure of dyspepsia and constipation, and has no equal as a remedy for the Grip and a Cold. Can be taken by the young or old, the weak or strong. If there is anything the matter with you, try Peptorene, the Health Tablet.

CHARTER CASE BRIEF FILED

MUNICIPAL JUDGESHIP IN THE SUPREME COURT.

Attorneys of R. B. Dreibelbiss Have Presented Their Case to the Higher Tribunal.

Indianapolis, Ind., Aug. 20.—A brief for the appellant in the "Fort Wayne charter" case—the state, on the relation of Robert B. Dreibelbiss, against Henry C. Berghoff, mayor of the city of Wayne—was filed in the supreme court yesterday by Judge Dreibelbiss' attorneys, J. B. Harper, Robert S. Taylor, Vesey & Heaton and W. & E. Leonard. The suit is one growing out of the amendment to the Fort Wayne municipal charter, passed by the last legislature. The amendment in question created the office of municipal judge for Fort Wayne, and provided that it should be filled by appointment by the governor until the first Tuesday in May of 1905, at which time and on the first Tuesday in May of every fourth year thereafter the position should be elective.

Governor Durbin issued to Dreibelbiss a commission appointing him municipal judge of Fort Wayne from May 9, 1901, to the first Tuesday in May, 1905, but on May 7, 1901, an election was held in the city, at which George W. Louttit was elected municipal judge. Louttit qualified by taking the prescribed oath and giving bond. Dreibelbiss immediately sued for a writ of mandamus to compel Louttit to vacate the office. The Allen circuit court overruled Dreibelbiss' demurrers to Louttit's answers to the complaint for mandamus, and the former took an appeal to the supreme court.

Judge Dreibelbiss' attorneys in their brief argue and cite authorities showing that the legislature has the right to make an office either appointive or elective, which contention is opposed by Judge Louttit's counsel. The attorneys for appellant also urge that the election of Judge Louttit was a nullity, because no such thing as a municipal court existed in Fort Wayne on May 7, 1901, the day of the election, but that the tribunal came into existence two days later. Hence the attorneys for Judge Dreibelbiss assert that Governor Durbin had full power and authority to appoint their client judge of the court, since an office cannot be filled legally by one who has been illegally elected to it.

Matthews played an honest and deserving game yesterday but could not win against Fricken, who pitched himself out of several tight holes with amazing precision and confidence. Shepherd, for the visitors, pitched a splendid game, although a look at the hit column would lead the casual reader to think he was easy picking. He was hit oftener than Fricken, but aside from the first inning and ninth innings the locals could not get the hits close enough together to do any good at the home plate. He showed good speed and excellent control, while in a general way he had gilt-edged support, Heyworth pulling down a three-base hit off Frank Miller's bat and scoring a double play on it; Flynn at short seemed afraid of breaking his back, and with Hall in right field contributed the only errors in the game. Fort Wayne won the game in the first inning, when three runs were scored by good hitting aided by an error at short. "Doggie" Miller led at bat with three hits, Thornton and Bevans coming in close seconds with two each, and Babb led in the base running. Following is the score:

OTHER ASSOCIATION GAMES

TOLEDO, 6; DAYTON, 3.

Toledo, Ohio, Aug. 20.—Toledo outplayed Dayton yesterday and won a very pretty game. Score:

Toledo.....	0	0	2	0	3	0	1	0	0—	6
Dayton.....	1	2	0	0	0	0	0	0	0—	3

Hits—Toledo, 8; Dayton, 9. Errors—Toledo, 2; Dayton, 1. Batteries—Joss and Graffius; Jones and Blue.

WHEELING, 1; GRAND RAPIDS, 0.

Wheeling, W. Va., Aug. 20. Both Alberts and Killen pitched good ball yesterday. Wheeling scored in the second inning on Herbert's two-bagger, Kane's out and Hinton's outfield fly. Thoney made a wonderful stop in the eighth inning that saved the game for the Wheelings. In the ninth Wilmot walked and Hannivan's error gave Jacobs a life, but Smith fouled out to Fox and the game was over. The fielding feature was a marvelously fast double play by Herbert and Kane, of the Wheelings. Score:

NOTES OF THE GAME.

"Doggie" Miller carried off the batting honors yesterday with three clean hits.

Crockett was tried at first by Matthews yesterday. He had eight put-outs, but did not make a hit.

Manager Wilmot says he won't hire any more pitchers unless he can get a veteran. He has two amateurs, Luther and Albert, neither of whom have made good.

The closing game of the season with Matthews will be played tomorrow afternoon. Wheeling comes Friday for three games, and the fans will probably see old Jack Glasscock.

Managers Armour, of Dayton, and Strobel, of Toledo, have posted $2,000 on the standing of the two teams at the close of the season. If Toledo wins more games and loses less than Dayton, Strobel gets the $2,000, and vice versa.

Toledo has enjoyed a good deal of luck lately, and has had the advantage of playing on her own grounds for some time, consequently the Mud Hens have taken a boost up the percentage column. Its dollars to doughnuts the story will be different when the team goes on the road.

St. Louis Globe-Democrat: "Kruger is rapidly developing into a prime favorite with the patrons of League park, and, where he was called a "lubike" and a "dub" a month ago, he is now getting all kinds of flowery compliments every afternoon. 'Oom Paul' is certainly playing good ball, and is beginning to show himself a pretty good guardian of the third bag. He always could hit, and for the last month has been going at a .375 clip. Kruger's catch of Raymer's high foul fly in his ungloved hand in the ninth round was one of the most sensational of the season."

$100 Reward $100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

THE MARKETS.

Chicago, Aug. 20.—Wheat ruled weak early today on weak cables from Paris and in sympathy with corn September opened a shade to ¼@⅜c higher at 70⅜c to 71⅛c in sympathy with the steadiness at Liverpool and reiteration of Russian damage reports, but there was little support forthcoming and the market quickly broke to 70½c. Local receipts were 410 cars, 20 of contract grade. Minneapolis and Duluth reported 399 cars, making a total for the three points of 809 cars, against 607 last week and 924 a year ago.

Under liquidation September broke to 69⅞c and closed weak, 1⅛@1⅜c under yesterday, at 70c.

Liquidation for the local account weakened corn. September opened unchanged to ⅛c higher at 58⅛c to 58¼c and declined to 57¼c during the first hour. Trade was narrow. Receipts were 343 cars.

The close was weak, September ⅞c lower at 57¼c.

September oats opened ⅛c lower at 35⅜c and in sympathy with corn declined to 35¼c. Receipts were 536 cars.

Provisions were dull and easier with corn. January pork opened 5c lower to unchanged at $15.67½ to $15.72½ and sold to $15.60; January lard opened unchanged at $8.02½ and declined to $8.00, and January ribs 5c down at $8.05, declining to $8.00 after touching $8.07½.

THE DAY ON WALL STREET.

New York, Aug. 20.—An upward movement of prices for Americans was inaugurated in London this morning with a response here at the opening. Gains here were not up to the London parity, Illinois Central alone rising over a point. Norfolk and Western was taken to the extent of 1,800 shares in the opening dealings, but advanced only ¼.

Traders realized and the market reacted a trifle, but soon advanced again with a good demand for special stocks. St. Paul, Union Pacific, Norfolk and Western, Delaware and Hudson, New York Central, Great Northern preferred, Manhattan and Amalgamated Copper were the leaders and rose from 1 to 2 points. United States Steel common was dealt in ex-dividend and gained ⅝. The preferred was up ¾ and Tennessee Coal and Pressed Steel Car preferred were 1⅛@1¾ higher respectively.

Prices were slightly lower again before the expiration of the hour.

Stocks were marked up again to the highest prices of the morning with Pennsylvania and the Pacifics in more general demand. The local traction stocks gained steadily, Metropolitan Street Railway rising 2½, Rock Island improved 2 and Sugar 1¾ on a few transactions. The United States Steel stocks were very sluggish, but ruled at about the highest.

There was a relaxation of demand and prices were shaded except for Chicago and Alton, Reading and Reading seconds preferred, which rose 1 to 1⅝.

But little change occurred in prices, which continued to sag. United States Steel issues were more freely offered and reacted ½ each from the highest.

Bonds were dull and steady.

"The kisses of a thousand roses
Stolen from them while they sleep."

BEAUTIFUL ROSES

and beautiful women are gathered together yearly, and nature collects their delicate fragrance and reduces it to that essence of perfect perfume, "attar of roses" and "perfect children." An essential oil for the reduction of women's fragrance is

MOTHER'S FRIEND.

It is a liniment for external use on the breast and over the region of the reproductive organs. With its careful use throughout the period of reduction, woman's figure will remain perfect. The seemingly crushed and dainty bud of maternity will mature into the blooming rose again. The matured essence will be a perfect child blessed with the vigor, health, color and perfume of the mother rose. Its little rose face beside her, almost an exact reduction and counterpart of her own, will tell of the blooming curves that are still her own.

One bottle $1, of all druggists. A treatise on Motherhood mailed free.

GROWTH OF ORDER RAPID

AND OLD ROOMS ENTIRELY INADEQUATE TO DEMAND.

BIG ENGINEERING PROJECT

HARRIMAN PROPOSES TO TUNNEL THE SIERRA NEVADAS.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, has outgrown its present hall facilities and a move is necessary. Consequently the lodge will hold its meetings hereafter in the large Maccabee hall, Nos. 107 and 109 Calhoun street, Monday evenings. The first meeting there will be next Monday, when the firemen and the Ladies' society will hold an early joint meeting and later have a social for the benefit of the locomotive firemen of the city, their wives, mothers and sisters, whether they are members of the brotherhood or Ladies' society or not. The object is to advance the interests of those societies by bringing the eligible people and those already members together in a friendly, sociable way. The firemen's brotherhood has had a wonderful growth within the past year and a still greater growth seems in store for it. There are on hand now about a dozen applications for membership, and every meeting night brings more of them.

USE OF DRAWING ROOM.

On account of the great demand for drawing rooms in Pullman cars on the Florida special of the Atlantic coast line, the railway company has a rule requiring the presentation of two tickets to secure the exclusive use of a compartment. A passenger, having been informed of the rule, bought a drawing room from New York to Charleston, paying $16, but at Baltimore was required to exchange the compartment for a Pullman berth, having declined to purchase a second railway ticket. He now, being a lawyer, sues the Pullman company for damages, placing his claim at the low sum of $1,950 in order to obtain the benefit of the rule which prevents carrying to the federal courts cases involving less than $2,000. The decision of this suit will establish a precedent involving a troublesome operative problem, says the Railway Age. A drawing room affords accommodations for three or more persons, represented by a corresponding number of tickets. Would it be right for the Pullman company to sell the entire compartment to the holder of a single ticket, to the exclusion of a large number of ticket-holders desirous of the accommodations? The Pullman company gets no more for the room, whether occupied by one or half a dozen people. Is it or is it not morally bound to discourage a monopoly of the coveted quarters by a single individual and to require that at least two tickets shall share the room? The same question applies to the matter of selling the two berths of a section to one person when this might make the number of berths unequal to the demand. Formerly the purchase of an entire section was carefully restricted, but this is not now considered necessary on many roads. The single drawing room presents different conditions, and on a special class of trains where it is likely to be much in demand, a rule tending to discourage the monopolizing of the room by one person to the exclusion of several others would seem to be justified by good management, and likely to be sustained by a court of equity.

DUELL RESIGNS.

After a service in the Pittsburg shops of nine years, Blacksmith William Duell resigned yesterday, giving no other reason than that he had been offered a better position. Mr. Duell is a good workman and an industrious and honest man, and a blacksmith of this character has no trouble in getting work whenever and wherever he wishes it.

BASS GOT THE CANTRACT.

J. E. Noble, traveling engine salesman for the Bass Foundry and Machine company, was surprised yesterday by the receipt of a telegram stating that his bid to furnish an engine for the mills at Cadillac, Mich., of the Cummer-Diggins company, was acceptable and that work upon the engine could commence at once. There were other bidders for the work, some of them much lower than the Bass bid, and Mr. Noble was not expecting the contract. The engine will be of the Bass improved Corliss pattern with cylinder 26x48. The Bass company recently built a similar engine for the Cummer-Diggins company for their mills in Florida.

WILL HELP AN UNFORTUNATE.

The Nickel Plate trainmen are this week engaged in a very commendable work—raising a purse to defray the expense of sending an unfortunate comrade to the Mt. Clemens sanitarium for treatment. Charles F. Burgess, a passenger conductor on the western division of the road, has been sorely afflicted with rheumatism and for the past ten months has been unable to work at all. About a year ago he took a course of treatment at the sanitarium and received considerable benefit from it. But a sojourn there is expensive and it is to bear that part of Mr. Burgess' burdens that the present movement was inaugurated. He resides in Bellevue, but is nearly as well known in this city as in that one.

THE LATTY EXCURSION.

A large portion of the population of Latty, Ohio, is picnicking at Rome City today. They came down from Latty by special train, which consisted of a baggage car and nine coaches, and were turned over to the Grand Rapids and Indiana at this point. There were 370 people in the party and a more happy crowd never embarked upon a similar mission.

TO TUNNEL THE SIERRA.

It is stated that the longest railroad tunnel in the United States will be built through the Sierra Nevada mountains of California if the plans of E. H. Harriman are carried out. The tunnel project, which will involve an outlay of from $3,000,000 to $5,000,000 contemplates the boring of a hole 27,000 feet in length through the heart of the Sierras. Besides saving a climb of 1,500 feet, the tunnel will shorten the Southern Pacific line about seven miles. Preliminary surveys are now being made.

THE EEL RIVER SALE.

Kokomo, Ind., Aug. 20.—Judge Brownlee yesterday confirmed the sale of the Eel River railway to the original stockholders. The latter announced that the road would be operated by them and would not be sold to the Pennsylvania system, as reported. The judge allowed $50,000 attorneys' fees and $25,000 fees to Receiver Richard Ruddell, of this city.

RAILWAY BLACKSMITHS MEET.

Denver, Col., Aug. 20.—A convention of the National Railroad Blacksmiths' association, composed of master builders, met here today to discuss the best methods for constructing and repairing locomotives and cars. The convention will continue three days.

R. C. Chase, collector for the B. of L. F., and his family will go to Rome City Saturday to remain two weeks in a cottage.

Alonzo Timmis, of the Bass blacksmith shop, is off duty on account of an injured eye. A hot cinder got in the optic yesterday.

Gustave P. Grosh, machinist, has recovered from his recent illness and is again at work in the Wabash shops. E. J. Oppenheimer, machinist apprentice in the same shop, also reported for duty this morning. He had an accident two weeks ago, which disabled him for awhile.

Master Mechanic G. S. McKee and Chief Clerk H. G. Granger, of the Wabash, are transacting business in Ashley today.

Nickel Plate Brakeman C. Compton is off duty on account of sickness. Brakeman P. M. Henderson is looking after private business.

Clarence L. Haynes, clerk in the main office of the Pennsylvania, is taking his vacation, a portion of which he will spend at Buffalo.

The limited train of six cars on the Chicago and Alton was on Thursday hauled sixty-eight miles in sixty-five minutes, making one stop.

Jacob Waldschmidt resumed charge of one of the big boring machines in the Pittsburg planing mills this morning. He was sick several days.

Mrs. Pearson, wife of Pittsburg Engineer J. C. Pearson, and their son, Charles, have gone to Landis, Ind., for a two weeks' visit with relatives.

After an illness of two weeks Blacksmith William Brossard resumed his place at a forge in the Pittsburg blacksmith shop this morning.

Car Inspector Ed Alway resumed work at the Nickel Plate yards yesterday. He had been off duty several days on account of an attack of lumbago.

The Chicago Great Western has already this season laid 10,000 tons of new heavy steel rail, and will, before the season closes, lay 10,000 tons more.

Engineer C. Sweeney is looking after private business and Fireman J. L. McKinzie and H. Hamilton are sick. They are Pennsylvania employes.

Blacksmith Barney Hibbler, of the Wabash shops, is sick today. Fred Kaiser and Peter Hamilton, of the boiler department, are also on the sick list.

I. Herbert Shorey, clerk at the Wabash shop offices, is taking his vacation. In company with his wife, Mr. Shorey left for Mackinac Island this morning.

It is stated that E. W. Warnick, formerly auditor of the Ohio river road, will be appointed general manager of the Ohio river division of the Baltimore and Ohio.

The Pittsburg wreck car was called to Donelson hill last night to put some cars, which had been derailed, back upon the track. The damage was not very great.

Nickel Plate Fireman W. H. Kline, who had been spending a two weeks' vacation in Ohio, resumed his duties on the road yesterday. Mrs. Kline was with her husband on the trip.

Nickel Plate engine 45, just out of was taken into A. G. Porter lodge, ing, has been assigned to the Fort Wayne-Knox local freight run, with Engineer Charles Bromelmeier and Fireman D. Vreeland in the cab.

Harvey E. Teeters, late of the Wabash shops, and G. P. Squires, formerly of the Bass blacksmith shop, have taken positions as assistant firemen at the Pennsylvania power station, at the Lafayette street shops.

General Manager Dickinson, of the Union Pacific, has issued an order notifying employes that either habitual drinking or the frequenting of saloons on their part would in future be considered sufficient cause for dismissal.

Supt. C. M. Bennett, of the Cincinnati and Muskingum Valley branch of the Pennsylvania, is out today upon his regular monthly track inspection trip over the Fort Wayne road, with the special car made for that purpose.

A reunion of the Ellenwood family occurred at the farm home of Mrs. Ellenwood, the mother of Conductor C. A. and Engineer R. Ellenwood, of the Pittsburg, and those gentlemen and their families were in attendance at the celebration last evening.

The Northern Pacific will expend $75,000 in enlarging its shops at Como and a like sum in installing new machinery. The new car shop will be 190x215 feet, the store house 25x100 feet, and the foundations are already in for several other buildings.

Thomas B. Burnett, whose sudden death at San Bernardino, Cal., was announced on Saturday, was from 1878 to 1881 agent of the Wabash lines at East St. Louis. Prior to that he was agent in St. Louis for the Missouri Pacific; from 1881 to 1890 he was general superintendent of the Peoria and Pekin Union railway.

Earnings of the railways of the United States for July make a wonderful showing, the roads reporting showing an increase over July, 1900, of $6,551,540. This exhibit is the more remarkable when it is remembered that these increases are over large gains for the past three years, and are compared with unprecedented large earnings in July ,1900.

The management of the Lackawanna has posted the following notice at passenger stations on the line: "When passenger trains are standing at stations, day or night, employes on or off duty and others must avoid all unnecessary loud conversation or calling to one another, and any noise that can be avoided, and they must enjoin the same upon other persons; this to apply at meeting and passing points. Profanity or other ungentlemanly language in or about the stations or passenger trains is inexcusable."

Heavy travel westward has made it necessary to put on a second section of Pennsylvania train No. 11 today. It will pass through the city at 4:40 this afternoon.

L. B. Eveland, of Chicago, passenger representative of the Rio Grande Western and the Denver and Rio Grande roads, was in the city this morning in that capacity.

C. A. Hartman, clerk at the Wabash storeroom, is taking a lay off today to assist in moving his household effects into new quarters. Here after he may be found on West Main street, near Webster.

The Misses Nina and Stella Graham, daughters of Assistant Painter Foreman George Graham, of the Pittsburg, have gone into Ohio for a two weeks' visit with relatives. They will divide their time between Mansfield, Lucas and Shelby.

During the absence of W. H. Sherbondy, notice of which was made by The Sentinel a day or two ago, the responsibility of looking after affairs at the Pittsburg shops' power and light station devolves upon Henry Daseler, the assistant foreman of the department.

The local lodge of the Brotherhood of Railway Trainmen has received notice from the higher officials that the claim of C. S. Bell, whose brother W. R. Bell, was killed in New Mexico two or three weeks ago, had been allowed and a draft for the amount would be forwarded in a short time.

George Dornie, air brake inspector at the east yards, is congratulating himself upon his speedy recovery from the injuries received in an accident "which might have been worse" two weeks ago. In celebration of the narrow escape he passed the cigars to his comrades yesterday.

W. H. Hull, a truckman in the Pittsburg freight house, is taking a lay off pending repairs to his hips. Last Wednesday he fell from the gangway and wrenched his hips, but considered the injury very light and continued at work until yesterday, when he had to quit and seek medical aid.

Argus D. Kemp, stenographer for Chief Clerk Frank Reed, and Charles A. Spanley, who occupies a similar position in Road Foreman C. R. Colmey's office, left last night for Buffalo to attend the Pan American exposition a week. G. H. Strang is serving as stenographer for Mr. Reed during the absence of Mr. Kemp.

The Nickel Plate road was obliged to make up a second section of eastbound train No. 4 last night, to handle the unusual Buffalo business that presented itself on short notice. The special had four cars, was hauled by engine 170, with B. Fullerton at the throttle, and was in charge of Conductor Holly. Joseph A. Deahl and J. J. Stevens were the brakemen.

THE HANNAS GO NORTH.

Cleveland, Ohio, Aug. 20.—Senator and Mrs. Hanna, accompanied by their two daughters, the Misses Mabel and Ruth, left Cleveland today on the steamer Northwest for Hay Lake, near Sault Ste Marie, Mich., where the family will spend a few days at the Hanna summer cottage. Mr. Hanna will take an active part in the formal opening of the republican state campaign, which will probably take place at Delaware on September 21. Among the speakers will be Senators Foraker and Hanna, Governor Nash and Hon. Carl L. Nippert, candidate for lieutenant governor.

KITCHEN FURNISHINGS.

We have kept quality up in this line just the same as in everything else in our store.

There are no two ways about it; good, heavy, retinned stamped ware can't be sold as cheap as the light ware with one thin coating of tin.

You'll find that the economical people buy the best ware every time.

We buy carefully in this line—always sure that a new article is really good before we offer it to our trade.

We do the "finding out"—you get the benefit.

So many "new things" are worthless you can fill a kitchen full of them if you want to—and have the money.

In the small space we have there would be no use in trying to describe our stock of house furnishing goods.

To make it short, we have "every thing for the kitchen."
